The Georgetown Herald
Wednesday Ev'g., March 19, 1919

THE MAN WHO WINS

The man who wins is an average man,
Not built on any peculiar plan;
Not blessed with any peculiar luck;
Just steady and earnest and full of pluck.

When asked a question he does not "guess;"
He knows and answers "No" or "Yes."

When set a task that the rest can't do,
He buckles down till he's put it through.

For the man who wins is the man who works
Who neither labor nor trouble shirks;
Who uses his hands, his head, and his eyes—
The man who wins is the man who tries.

—Tit-Bits.

—Major Sharp of Brampton, District representative of the Great War Veteran's Association, will address a meeting of returned men in the town hall on Friday evening March 21st. The object being to organize a branch of the G.W.V.A. in Georgetown.

—Boney can tell you it is not the wholesalers who are holding up the price of shoes. It is retailers who neither make or mend shoes. When you get boots get the best from reliable men who understand the business. We have now any amount of men's army leather boots bought from the old reliable Macpherson Co. and guaranteed by them. From factory to feet for $8.50 to $5.00. We repair all kinds of boots and rubbers cheaper than any other shop in the county. J. Boney & Son, the professionals, the gold boot.

Brunswick PHONOGRAPHS!

Now that Canadians are looking for goods made in their own Country, it is well to make sure that articles described as "Made-in-Canada" are really what they claim to be. There is apt to be a certain amount of, well, misunderstanding on this subject.

For example all, or practically all, of the parts of a Phonograph or other articles might be brought in from a foreign country and merely "assembled" or put together here.

The real manufacturing, in such a case, would be done in a foreign country, and the wages would go to foreign workmen and be spent in their own country and not ours. Yet that article may be represented as "Made-in-Canada," and purchased by loyal Canadians on that understanding.

So we want to make it perfectly clear that Brunswick "Made-in-Canada" Phonographs are just what we say they are.

The only part of a Brunswick Phonograph not made exactly right here in Canada is a small part on the reproducer, which costs about ten cents.

It is a fact not generally known, but nevertheless true, that the Brunswick factory makes a larger percentage of its own parts than any other Phonograph factory on the continent.

If every manufactured article used in Canada was brought in from a foreign country **Where Would Your Job Be?**

OPEN ALL DAY.
