The Georgetown Herald
 Wednesday Ev'g., March 28, 1919

LET ALL UNUSED pasture land be utilized to produce beef, it is greatly needed and the government urges that farmers direct their efforts largely in this direction. The great feeding centres of the United States are taking most of our Canadian cattle for finishing. This should not be. Let our farmers who bring the cattle to a finishing state complete the job and get all the benefit to be derived.—Farmers' Advocate.

PENSIONS for widowed mothers are on the Canadian horizon and it is to be hoped there will be no undue delay in setting the Provincial machinery in motion that will wipe out the injustice from which many such unfortunate women are suffering. It is clear to all that the mother should not be compelled to forsake her children for the purpose of procuring the necessities of existence. Too many domestic tragedies of this kind have already been endured, and the new spirit of the times brooks no further continuance of an evil that has produced widespread suffering.

THESE ARE SAD, SAD DAYS for those who come under the income tax law, and we fancy there are quite a number of single men who earn \$1,000 and married men with \$2,000 incomes who have forgotten that they are called upon to get out statements. The latter especially, forget that it isn't alone their salary that is taxed, but the income, but every receipt that helps to swell their revenue to the \$2,000 amount. To arrive at the proper conclusion is proving no easy matter for quite a number of men, but by dint of adding 2 and 2 and answering the various questions they are asked of them they ought to be successful.

More Soldiers Return
 On Thursday morning last Pte. Percy Laird, another of our town heroes, slipped into town quite unaware; having just arrived home from Belgium. Percy is looking fine and we are all as glad to see him home as he is to get home.

On Saturday evening last Pte. Arthur Herbert one of the old "originals" and one of the first boys to enlist, arrived home from overseas. He was met at the station by a large gathering of citizens and addresses of welcome were made by Reeve Grant and Rev. R. F. Cameron to the returned hero and his bride, who was also presented with a bouquet of sweet peas. Mrs. Herbert's three sisters accompanied her to Canada. The party were taken by Mr. Elton his auto to the home of Mr. Castell, uncle of Mr. Herbert, where a real home-coming welcome was thoroughly enjoyed by all concerned.

There was a very large crowd at the Radial station on Sunday afternoon to welcome home another of our soldier heroes in the person of Corp. Fred McCartney who had been overseas for over four years. Speeches of welcome were made by Reeve Grant, Mr. A. Cummings, Ex-Reeve Heartwell and Mr. J. W. Kennedy. This was followed by cheers for the returned soldier who thanked all for the splendid reception. He was then taken with his parents in Mr. Speight's auto to his home which was beautifully decorated with flags and bunting. The Organ of No. 245 played a home-coming song presented him with an address of welcome, when speeches were made by Mr. Fred McNally, Mr. Chas. Coutts, Mr. Wm. Long and Lieut. Arnold. This was followed by a beautiful repast of which some fifty friends and neighbors partook.

Educational Meeting
 That the people of Esqueving township are alive and fully awake to the present day problems of Canada was amply proven, if proof were needed, by the attendance at the meeting of rural school trustees held in the Public Library, Georgetown, on Friday last. Although the roads were almost impassable every section in the Township with the exception of two of the most distant was represented. Rev. R. F. Cameron was elected chairman, and A. G. Green secretary of the meeting.

J. M. Denyes B.A. gave a clear and succinct outline of the conditions in regard to the schools of the County. In the course of his remarks he gave the following figures in regard to attendance: 11 schools with an average of less than 10; 10 schools between 10 and 19; 17 schools between 20 and 29; while the remaining 5 had over 30.

He claimed that this condition was unfair to both pupil and teacher, and he made a strong plea in behalf of the country pupil. High School privileges should be within the reach of all and not only of the favored few. Mr. Denyes suggested consolidation of the weaker sections as the best and only remedy in sight for such a discouraging condition of affairs as exist at present. Consolidation would result in larger and more regular attendance and would allow greater attention to the health and comfort of the children.

Mr. H. Leamy, Provincial Inspector of Manual Training and Household Science then clearly outlined the position of the Education Department. The Department will give a grant of \$800 to each school entering such a Consolidation, pay 20 per cent. of the cost of transportation for the first five years and the schools will in addition receive the regular township grants. Should a Community Hall be established in connection with the school, \$2000 more would be granted.

Inspector W. J. Galbraith B.A. of Peel County, next addressed the meeting. He emphasized the need of thinking in larger circles than is common at present. While the child primarily belongs to the family it is larger and truer sense he belongs to the state. In his opinion the Consolidated School would give all the advantages. In the Consolidated School agriculture would hold an important place on the course of study.

Mrs. Geo. Havill secretary of Halton County Women's Institute spoke on the need and importance of Medical and Dental Inspection. She gave figures to prove that a large percentage of the children were needlessly handicapped on account of the lack of proper action in regard to this important factor in the child's life.

Mrs. W. J. Hunter of Brampton gave a stirring address in which she told of the effort made in Peel County to produce results in regard to Dental and Medical Inspection. Mrs. Hunter's enthusiasm was contagious and spread rapidly throughout the audience.

Before the close of the meeting a resolution was moved by J. R. Lindsay seconded by R. C. McCullough "That an organization of the people of Esqueving Township for the betterment of the Public Schools be formed." This was carried unanimously.

At the election which followed Mr. J. R. Lindsay was elected as President and Mr. John Nickel as Sec.-Treas. Each rural School Board is to choose one of its members to represent it on the Executive committee.

Mr. Denyes made it clear to the meeting that responsibility for advancement rests upon this newly formed organization.

—Mr. J. Elliott, lot 4, con. 11, Esqueving, will hold a clearing auction sale of farm stock, implements, etc., on Monday, March 31. No reserve as farm has been sold. Ben Petch auctioneer.

Obituary
 JOHN A. McCLURE. After a short illness from pneumonia, John A. McClure, third son of Mrs. Mary J. McClure and the late John McClure, Esqueving, passed away at his home at Canrose, Alta., where he had been farming for the past seven years. Deceased was one of the most highly respected young men of the district and had made many friends since going west. The remains were brought to Georgetown, where the funeral took place on Monday afternoon.

HONOR ROLL
