

**THE GOOD AND THE BAD**

There's bad in the best of us,  
And there's good in the worst of us,  
And some of us seem to be worse  
than the rest,  
As though we were trying to  
strangle our best;  
But most of us want to be decent  
and kind,  
And leave a few people to mourn  
us behind.

Some of us steal and a lot of us lie,  
But none of us ever can tell you just  
why.  
We know that it's wrong and we  
preach against shame,  
Yet vice gets a hold on us all, just  
the same.  
But always, it seems, just to bal-  
ance the sin,  
We manage to squeeze a few kind-  
nesses in.

A skeleton every old closet con-  
tains,  
The ghost of some folk with each  
one remains,  
And, if you go prying and snoop-  
ing about,  
The life of a man, you can soon  
dig it out,  
But why seek the shame, when  
you'd find it if you would,  
The traces of deeds that were  
kindly and good?

A life is a mixture of good and of  
bad,  
According, it seems, to the light it  
has had;  
And never a mortal has lived  
through the years  
But what in his record some sin-  
ning appears;  
And few are the brothers so worth-  
less and vile  
As to live here, and die without  
being worth while.

—Edgar A. Guest.

**Set Your Mind on Get-  
ting \$50 Government  
Bond**

Wary not in well doing is good  
advice to those who have bought a  
War Savings Stamp. To buy one  
and stop at that will not benefit  
very much either themselves or  
the country. The chief benefit  
lies in continuing to buy these  
Stamps.

Keep the \$50 Government bond  
in mind. In buying War Savings  
and Thrift Stamps set this up as  
an objective and hang to it. It  
matters not whether it can be  
reached in a couple of months or  
in a year—hang to it.

If it is good policy, and it is; to  
buy one War Savings Stamp, it is  
better policy to buy 10 of them,  
which, costing \$40.00 now, will be  
worth \$50.00 in 1924. This is  
saving worth while. It is the  
thing that counts. Besides, it will  
roll in the money that the Govern-  
ment needs for Reparation, Re-  
construction and other after-the-  
war work.

**Help the Y.M.C.A. Finish its  
Work For Soldiers**

Help the "Y" Construct the Manhood  
that will Re-construct Canada

ALL the world now knows that the Red Triangle of the  
Y.M.C.A. was the "Sign of Friendship" to thousands  
of your brothers, sons, nephews, cousins and neighbours  
boys in the last four and a half years. Wherever the Cana-  
dian Soldiers went, the "Good old 'Y'" went too. And  
now it is coming back home with them!

For the support which has made possible the war work  
of the Y.M.C.A. we thank you. Your money has been well  
expended. We have rendered full account.

We ask now your continued sympathy and support for  
Red Triangle Service for our Soldiers during demobilization,  
and for Y.M.C.A. work for Canada generally during the Re-  
construction period. The Annual Red Triangle campaign  
will be held throughout Canada May 5th to 9th, 1919. The  
objective is \$1,100,000.

The Y.M.C.A. will keep its  
chain of Service unbroken  
till the end.

**For Our Men Returning**

For the soldiers and their dependents, returning  
from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lanterns, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction in Government repatriation plans, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free canteens, cigarettes, candies, etc.
3. Red Triangle men on every troop train to provide regularly free drinks, canteens and cigarettes, organize games and sing songs, and furnish information.
4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.
6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A., furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

**For Canada's Manhood**

The Reconstruction program of the Y. M. C. A.  
includes the following vitally important develop-  
ments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Insurgation of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organization. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the industrial workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamen-  
tational foundation of manly Christianity.

**Y.W.C.A.**

For the wives and children  
Overseas, dependent upon Cana-  
dian soldiers, and for Y.W.C.A.  
work in Canada generally, a sum  
of \$175,000 from the Red Tri-  
angle Fund will be set aside for  
the Dominion Council of the  
Y.W.C.A., which is caring for  
the soldiers' women folk, and  
their little ones on the long jour-  
ney, from Liverpool to Canada,  
and is also extending its work  
for Canadian girls.

For their sake also be gen-  
erous when you make your  
contribution.

FOR the sake of our victorious soldiers and  
their dependents, and the happiness of  
their home-coming; for the sake of our future  
citizens, our teen-age boys; for the sake of  
rural life in Canada; for the sake of the social  
betterment of the toilers in factory and work-  
shop; for the sake of lonely men and boys in  
our mines and forests; for the sake of Christian  
Society and Canadian manhood—we appeal to  
you. Give us your contribution, big or  
big. Be as generous as you can.

Hand your contribution to the canvasser when he  
calls, or if you live where it is difficult for him to call,  
send it by check, money order or registered letter to  
the National Treasurer, Red Triangle Campaign, 120  
Bay Street, Toronto.

**Please Note:**

We are not asking for  
money to carry on our  
work Overseas, with the  
Army in Great Britain,  
France or Belgium. That  
work will continue at its  
maximum for some months,  
financially provided for by  
the liquidation of our  
assets Overseas, and will  
not terminate till the last  
man has sailed for home.

**Eight Good Reasons  
Why You Should Buy a  
DE LAVAL  
Cream Separator**

- GREATER CAPACITY:** New capacities have been increased 10%  
without increase of speed or effort required in operation.
- SKIMS CLOSER:** The improved bowl design, together with the pat-  
ented milk distributor, gives greater skimming efficiency.
- EASIER TO WASH:** Simple bowl construction and discs caulked  
only on the upper side make the bowl easier to wash.
- EASIER TO TURN:** The low speed of the DeLaval bowl, the short  
crank, its unusually large capacity for the size and weight of the  
bowl, and its automatic oiling throughout, make it the easiest to  
turn and least tiring to the operator.
- THE MAJORITY CHOICE:** More DeLaval are sold every year than  
of all other makes of separators combined. More than 2,825,000  
are in daily use—thousands of them for 15 or 20 years.
- TIME TESTED:** The DeLaval was the first cream separator. It has  
stood the test of time and maintained its original success and lead-  
ership for 40 years the world over.
- EQUIPPED WITH SPEED-INDICATOR:** Every New De Laval is  
equipped with a Bell Speed-Indicator, the "Warning Signal" which  
insures proper speed, full capacity, thorough separation and uni-  
form cream at all times.
- SERVICE WHEN YOU NEED IT:** The worldwide De Laval organi-  
zation, with agents and representatives ready to serve users in al-  
most every locality where cows are milked, insures the buyer of a  
De Laval quick and efficient service whenever he needs it.
