C. GREENSIDES, Proprietor

Don't Envy Him Follow His Lead
HE stops in to see us for a few minutes every two weeks. We give him battery the "once over" and distilled water (without charge) and off he goes, smiling. He carries a Frost-O-Lite because costly experience has taught him it is the best.
But no matter what make of battery you carry, or what car you drive, we'll cheerfully do the same for you.
If your battery needs recharging or repair, we have good competent men ready to jump on the job at once. The work will be first-class and the prices moderate. And there's a service battery at your disposal while yours is being repaired.
Keep your battery in first-class condition and call on us to do the work.

Overland

Breaks High Gear Non-Stop Record

Seven days of pounding over country lanes and through blocked city streets in Oklahoma, U.S.A., always in sealed high gear—each day showing an average of 624 miles and an average of 20.66 miles to the gallon of gas-line. Not once did the motor miss an explosion. Not even a spark plug was changed. Let us show you an exact duplicate of this remarkable Model 90 car.
