RONEY'S BOOT NEWS

-The Macpherson Uris Calf shoe is registered and made from selected hides, tanned by the very best method and meets the demand for soft mellow leather, combined with tough fibre. Uris calf is filled with a pitch and it is as near water-proof as it is possible to make leather. It has always been my aim to get the best boots money could buy and I have proved it to my satisfaction there is not a more honest boot made in Canada. Have just received my first shipment of an order for 1000 pairs and can save you money as I defy any man to sell them at my price \$3:50 to \$5. Read the copy of the letter from the Company and you will see I back up what I advertise:—

Hamilton, May 1st, 1919.

J. Roney, Georgetown,—Dear Sir: We have much pleasure in acknowledging your valued order and thank you for the renewal of confidence. We shall commence to manufacture these shoes at once and assure you we shall use our best endenvors to turn out order to your complete satisfaction. Again thanking you, yours truly, John Macpherson Co., Ltd., Hamilton.

that they have fought at all in Palestine is a great event in the history of the Jewish nation. The last previous time that an organized body of armed Jews fought in the Holy Land was in A.D. 135, against the Romans. The men who recently brought laurels to their race are the same who marched through the streets of London, a few months ago, with Col. Patterson at their head.

Repepulation Problem.

The reichstag is concerned with problems which threaten the German birth rate. It is recommended to get the workers away from the cities, where they can have small detached cottages in which light and country air and nutritions food can be obtained. This course would tend to in-crease the number of births. It has been learned that about half of the mutilated soldiers'are marrying women older than themselves, a custom which is pernicious for repopulation. To check infant mortality more children's cliqica will be established.
