YOU would need double as much monev to do it as in September, 1914.

Everything has gone up. The purchasing power of the dollar is about 47c compared with September, 1914. Building costs of all kinds have nearly doubled; clothing is going up every day; pets, food, fuel-everything costs more. Pire may destroy your entire property

In short, what you most need is the cheapest thing you can buy, -- Protection. You need the best kind of protection too. You can have it. The best costs

The Navy League of Canada Its Vital Work for Canada

THE Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.

The human side of Canada's Mercantile Marine is the League's especial

interest-training Canadian boys to become the sturdy type of British manhood that won its laurels again and again in the great war-relieving distress among victims of the submarine warfare-and giving the sailor ashore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

Why the \$500,000 is needed

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must educate our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You will do your part in this work by contributing liberally to the support of the Boy's Navy Brigades, the organizations by which the Navy League trains boys for our merchant marine.

Every dollar subscribed will be used to further the work of the Nevy League in Canada—the work in which you are personally interested as a patriotic citizen. Help by giving.
