Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.
Every one who bought Canada's Victory Bonds has received 5 1/2 per cent. interest per annum—paid twice a year.
Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.
Canada's Victory Bonds will always be accepted as security for a loan.
Banks are ready to loan money on Canada's Victory Bonds.
Canada's Victory Bonds may be turned into cash at any time.
There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.
Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.
Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time

The Support of Every Elector of Halton MAN AND WOMAN

Who is not satisfied with the present Government's administration of the affairs of this province, is respectfully solicited by

E. H. CLEAVER

the People's Democratic Liberal candidate for the Legislature
I cannot agree with the glaringly antoecretic and extravagant administration of the affairs of this province by the present Government, which has been catering to and concentrating the profits and BIG financial interests even during the gravest stress and strain that has ever been known in Canada, due to the recent awful war and that which follows.

On being elected I will do everything within my power to advance most economic and efficient administration of the affairs of this province with a square deal for all and that without fear or favour.

THE EVENING PRAYER

In the twilight of my days,
In the evening of my years,
Life unto my saddened gaze,
Seems a vision veiled with tears.
All the knowledge fades away,
That I vainly thought to keep;
As a little child I prayed:
Now I lay me down to sleep,
I have wandered far from Thee,
Since that childish prayer I said;
And the lips that taught it to me,
Have been gathered to the dead.
Yet how I long to see thee,
When the evening shadows creep,
And again, as at her knee,
Pray Thee, Lord, my soul to keep.
Softly fades the lingering light,
Let the last light leave the skies,
And I watch, amid the night,
For the evening star to rise,
Far beyond the bounds of space,
To give drift and light to my path;
Let his own my pathway strike,
If I die before I wake!
Darker grows the halcyon dream,
While my soul each vigil keeps
With the memories that loom
Up from life's unquiet dreams.
When upon a sunless strand,
I shall hear the surges break;
Ere I move the Nameless Land,
Pray Thee, Lord, my soul to take!

One More Effort

Far beyond the expectation of the Empire and the world, Canada fought and strove and paid gallantly for five years. Indeed it may be doubted if any native Canadian witnessed the notable effort of the Dominion without amazement. The true spirit of the people was not understood until the guns began to speak in Belgium.
It rose, month by month, to greater, and still greater heights. The double climax came in the autumn of 1918 when the Canadian Corps marched from Canada to Mons, and when the nation subscribed \$610,000,000 for Victory Bonds.
In the war Canada found herself. The name "Canadian" is respected the world over; not only in the nations allied with the British Empire in the defence of liberty, but in Germany itself.
The fighting is over. The great task of demobilizing the organization built by four years of arduous effort is almost completed. The work of maintaining the Army until it is fully retrained, and of fulfilling completely the national obligations to the soldiers has added much to Canadian War expenditure.
For that reason there is instant need of a new Victory Loan. The patriotic people whose ardor and energy brought Canada into the sunlight are asked to keep the Dominion there by buying Bonds. The honor of the nation is involved in the success of the Loan. The people who supported the soldiers constantly while they were in Flanders will not fail in one particular to continue that support until the men are re-established in profitable occupations.
Considering the achievements of this proud people, there is reason for the belief that the success of this latest Victory Loan will be instant and overwhelming. But all citizens must have a part in it. It is not a task to be half-done by the whole people, or solely done by half the people. Let every citizen subscribe!
