Protection and Profit

When money is in a Savings Account in The Merchants Bank, it is absolutely safe from loss, as far as you are concerned. All the time it is here, it is earning interest—so that the bank actually pays you to let it take care of your money. Don't carry unneeded sums on your person or hide them at home. Protect them against loss, theft and fire by opening a savings account.

After-war conditions, and the telephone

Keeping Abreast of Progress

THE farmer cannot go back to the scythe or the cradle. He must keep abreast of progress by using binder and tractor for the economical handling of his crop.

So it is with the telephone. It is an important part of the business and social life of the community. We must keep our entire system, local and long distance, in the highest state of efficiency. Old apparatus and old methods must continually give way to new. Extensions must keep abreast of the needs of the business community.

Public services everywhere ran behind during the war. Skilled men and material were scarce. Necessary maintenance and repairs had to wait the return of normal times. Reserves of plant and material were exhausted.

The task of overhauling these postponed repairs, of restoring the margin of reserve plant while keeping service up to the highest standard, is now engaging our earnest efforts. New buildings are being built, new long distance lines, new underground and aerial cable, new switchboards—all in order that the telephone may continue to do its part throughout the difficult period of reconstruction. Our 1919 programme calls for an expenditure of \$7,000,000.

Telephone workers everywhere appreciate the kindly co-operation of subscribers in their honest efforts to give an adequate and efficient service.

Support the Boys' Naval Brigades

Canadians Must Sail the Seas
Because we cannot leave our growing export trade at the mercy of foreign seamen.

Canada Needs Trained Canadian Seamen
The Naval Brigades Train Our Boys

\$500,000 is Needed
Because the work of the Boys' Naval Brigades and the other branches of the Navy League's activities are financed by public contributions.

The Campaign Must Be a Success
Because Canada must be assured that her increasing surplus products will reach overseas markets.

The Race for Export Markets
is on. One quarter of the world's shipping was lost in the war. Canada cannot buy or rent ships and so is building them, and must be in a position to man them with trained Canadian seamen.
