

County Council

Milton, November 26th, 1914. The council met at 1.30 p.m. in accordance with call of the Warden in the chair.

The minutes of the last meeting were read and confirmed.

Communications were read as follows: from W. I. Dick, County Solicitor, re Oakville bridge; F. A. Heslop, V.S., and Dennis Hunter, claiming damages for accidents on county highways; the Secretary of the Canadian Patriotic Fund; stating that six Burlington cases would be taken over by the Hamilton branch as well from October 1st; G. E. Main re town planning conference; and David Hutcheon, Treasurer, asking increase of salary, also resolution passed by Peel county council re alibi jail for Peel House and Dartmouth.

Mr. Forster presented the fifth report of the standing committee on county buildings, Mr. Irving the tenth on good roads, Mr. Readhead the eleventh on roads and bridges, Mr. Cleaver the seventh on education and Mr. Standish the fifth on special communications.

Mr. Readhead moved, seconded by Mr. Irving, that this council go into committee of the whole for the consideration of the reports of committees.—Carried.

The council went into committee of the whole, Mr. Forster resumed the Warden in the chair.

Mr. Forster moved, seconded by Mr. Readhead, that the several reports, as considered and amended in committee of the whole, be and are hereby adopted.—Carried.

Mr. Hillmer moved, seconded by Mr. Grant, that the Treasurer be instructed to transfer to the good roads account from Milton's main account the sum of \$288.28 amount being overdrawn on good roads account and used for maintenance previous to establishing of a maintenance fund.—Carried.

By permission Mr. Fleming, District Representative, addressed the council re Department of Agriculture.

Mr. Forster moved, seconded by Mr. Bridgman, that the report of the House of Refuge Commissioners, just read, be adopted and the itemized statement of inventory and Matron's report be included in the minutes.—Carried.

Mr. Hillmer moved, seconded by Mr. Cleaver, that the report on finance be adopted, also special report on sale of Tansley bridge debentures.—Carried.

Mr. Cleaver moved, seconded by Mr. Hillmer, that By-law No. 424, be now read a first time and leave be granted to introduce same.—Carried.

The by-law was read first time.

Mr. Cleaver moved, seconded by Mr. Hillmer, that By-law No. 426 be now read a second and third time and passed and corporate seal attached.—Carried.

The by-law was read second and third times.

Mr. Morden moved, seconded by Mr. Johnston, that this be authority to the County Treasurer to transfer one thousand dollars from the good roads construction account to the good roads maintenance account of Trafalgar to be returned on receipt of government grant for maintenance.—Carried.

Mr. Hillmer moved, seconded by Mr. Grant, that the county council of the county of Halton do hereby unanimously express their appreciation for the enthusiastic way in which Halton county has again responded to the appeal of the Dominion Government by subscribing to the Victory Loan.—Carried.

Mr. Irving moved, seconded by Mr. Readhead, for leave to introduce and read a by-law to borrow money from the Bank of Nova Scotia to meet current expenditure of the county of Halton for 1915.—Carried.

The by-law was read first time.

Mr. Hillmer moved, seconded by Mr. Cleaver, By-law No. 427 be now read second and third times and passed, corporate seal attached.—Carried.

The by-law was read second and third times.

Mr. Hillmer moved, seconded by Mr. Cleaver, that the Clerk be instructed to date debentures issued under By-law No. 426 on November 26th, 1914.—Carried.

The council adjourned to meet at the call of the Warden.

Nearly 3,400 Killed

In Ontario last year the lives of 3,380 persons were claimed by consumption. This is all the more terrible because most of them might have been saved had they been helped in time.

Here is a case in point. Several years ago a man came to the Muskoka Free Hospital for Consumption. He had been on Aesclepias Service in Africa, where hardship and exposure had broken down his health. Suspicious of symptoms he sought our aid. A short time ago he wrote:

"Through your Hospital a soldier of the South African War regained his health and a family a happy home."

This is not an isolated case, for many others have been restored to health and anxious families. It takes much money to carry on the work. Your gift for whatever amount, will be gratefully received. Contributions may be sent to Sir William Gage, 24 Spadina avenue, or George A. Reid, 228 College street, Toronto.

A Pembroke druggist has been fined \$1,000 for making a false return regarding the amount of his income. Tax dodgers will do well to make a note of this fact.

A BOONS LOVE POEM

Can't read nuthin', Can't write nuthin', Can't sing nuthin', This is true.

Can't hear nuthin', Can't see nuthin', Can't think nuthin', But you!

Don't drink nuthin', Don't eat nuthin', Don't find nuthin', But you!

Don't know nuthin', Don't dream nuthin', Don't love nuthin', But you!

Friends ain't nuthin', Cash ain't nuthin', Life ain't nuthin', That's true.

Love ain't nuthin', World ain't nuthin', There ain't nuthin', But you!

THE REMOVAL of the U. S. embargo on Canadian wheat imports will put twenty million dollars into the pockets of Canadian grain growers, but will probably make it necessary for the Canadian people to pay twenty per cent. more for their bread. It is the consumer that always has to pay.

THE REPORT of the Workmen's Compensation Board for 1913 shows that during that year there were 47,648 accidents reported to the board and over \$8,000,000 was awarded to the victims. There is an average of 158 accidents being reported each day in Ontario, and daily awards of compensation amounting to \$11,500. The figures are large, and show the importance of the service now rendered to the factory workers of this province. The Act gives the Board power to promote accident prevention, and this is a phase of its work which increasing attention is being paid.

THE CANADIAN wheat crop for 1913-20 is estimated by the government at 198,000,000 bushels, or about 1,000,000 more than the last year. According to authorities on agriculture, Canada requires for home consumption approximately 40,000,000 bushels of wheat, and for seedling about 35,000,000 making a total of 75,000,000 bushels.

Canada's exportable wheat in 1913-20 will, therefore, be about 118,000,000 bushels, as compared with 108,611,000 in the last twelve months, or about 10,000,000 bushels. This will allow of a few million bushels for the carry-over stock on August 1, 1920.

The production of wheat in Europe, on the other hand, is down, and Canada's prospect of a good market is very bright. If credits can be satisfactorily arranged there is no reason why Canada should not practically sell out everything. Great Britain and Ireland will require at least 180,000,000 bushels, or about 70,000,000 more than Canada has to export.

IS ICE-COLD WATER BAD FOR RHEUMATISM?

A BRITISH SEAMAN'S EXPERIENCE

This story of Wm. Rogers, a seaman in the Mine Sweeping Branch of the Royal Navy, is absolutely true and can be readily verified.

At Niagara Camp, in 1914, Rogers contracted Rheumatism. He was sent to the Toronto General Hospital, where for over 10 months he was a patient, finally being discharged as incurable. In despair he took a friend's advice and tried Templeton's Rheumatic Capsules. The results were astounding—in a short time he was able to pass the stiff examination set by the Navy, and became an A.B. in the Mine Sweeping Branch.

For 17½ months he did service in the North Sea. On the occasion he was blown into the sea and remained in the ice-cold water as long as eleven hours at a stretch. Despite these hardships Rogers has no return of his previous trouble. Think about it. If T.R.C. did so much for Rogers—will they not do the same for you?

Ask your Druggist or write us for our new Free Pamphlet, "The Rheumatic Patient's Story." Write to Templeton's Rheumatic Capsules, 141 King West, Toronto, or mail 75c. to your Druggist or to the Sole Agent for Georgetown D. J. Mathew Druggist and Stationer.

SURPRISE THE FAMILY WITH A Brunswick Phonograph For Christmas

If you are thinking of buying a Phonograph, be sure that you get the LATEST and the BEST. If you don't you will regret it when you see and hear the Brunswick.

People are changing their Phonographs every day to become an owner of the Brunswick, the final Phonograph.

All other Phonographs are old style when you place them beside the Brunswick.

People say their next Phonograph will be a Brunswick. Here is ONE reason why: The "Round" All-Wood Horn. You never heard of a "square" horn in a hand, or any musical instrument, or you never saw a square megaphone. We were taught that all sound-waves travel in circles or ovals, yet you will find any round horn in any of the Old-Style Talking Machines.

Artists sing into a round horn and the Brunswick sends it OUT in a round horn. That's a simple "secret," isn't it? Yet no one has ever made a round WOOD Horn before, and more than that, no one ever will because this is one of the exclusive patented features of the Brunswick.

Here's another reason why: The All-Record, All-Needle Ultona

This wonderful reproducer was designed after all the great Record Libraries were formed. It is not an attachment, it plays any make or type of record without removing or attaching anything, a twist of the wrist and it is ready for any make of record. No needles to change. It plays every record CORRECTLY with just the right needle, just the right weight, describing just the right arc across the record and your needle type records actually last longer.

Since the Brunswick came with this wonderful invention notice how they all say "Play All Records." Just you see how they do it, then investigate the Ultona. You cannot afford to make a mistake and it costs you nothing to be sure.

Owing to the great demand for the Brunswick Phonograph we advise you to come in and select your model now, and we will keep it until Christmas for you if you will pay a small deposit down. The balance can be paid by small monthly payments to suit the purchaser.

This Is For You

YOU are interested in the High Cost of Living. Suppose you had to replace your house or the contents of it and buy everything over again.

YOU would need double as much money to do it as in September, 1914. Everything has gone up. The purchasing power of the dollar is about 47c compared with September, 1914.

Building costs of all kinds have nearly doubled; clothing is going up every day; boots and shoes, furniture, crockery, car parts, food, fuel—everything costs more. You may destroy your entire property any minute. Your \$1000.00 policy to-day would buy half what it would three years ago. So you need more insurance.

One thing in the world has not increased in cost—this is insurance—the thing you need most.

In short, what you most need is the highest thing you can buy—Protection. You need the best kind of protection too. You can't have it. The best, easiest, most reliable insurance.

Phone me how much more cover you require—and we will pay it out to-day, or you can call, value your property and give us the necessary protection.
