**Walt Mason "On The Dairy Cow"**

The dairy cow's a thing of charm she lifts the mortgage from the farm, and makes the farmer a life more sweet, and sets him down on any street. Where'er the dairy cow is queen, a country prosperous is seen, and dairymen, in joyous ranks, are packing bullion to the banks. Why plug along the old sad way, producing mutton, corn and hay, and putting up a barrel-rump wall if one year's crop should change to fall? There is a better method now—the method of a dairy cow; this cow will always earn her keep, and pile up riches while you sleep, and pay the taxes and the rent; and here in Canada, gentle, we have the climate and the food, and all conditions dairies need. So let us boost the dairy cow which beats the old brooch-laden plow; the Holstein and the Jersey, too, as smooth as any cow in view. Let's talk up dairies, milk and cream; the safest money making scheme.
