Presentation

A large number of the friends and neighbors of Mr. and Mrs. Dan Campbell, Terra Cottis, met at their residence March 1st...

During the many years in which you have been with us you have taken your full share in all the events of the church and neighborhood...

As fellow members and supporters of the "White Church" you have always been active in everything that concerned its welfare...

Our best wishes go with you to your new home and we pray that with God's blessing you may be permitted many years to enjoy it in peace and comfort.

Mr. Campbell feelingly replied thanking the friends for the kind and thoughtful remembrance...

Speeches were then given by several of those present and the company was entertained with instrumental by Mrs. C. J. McMillan...

An exquisite lunch having been served by the ladies...

IN MANY OF THE TOWNS, villages and counties in Ontario rival proposals have been made for raising local memorials to the soldiers who fell in the war...

ALL HAVE DREADED GHOSTS

Spirits Play a Most Important Part in the Lives of Primitive Peoples of the World.

Ghosts are extremely ancient. The people of old who dwell in caves were well acquainted with them.

In the lives of primitive peoples of today a very important part is played by ghosts. Their world is thickly populated with them.

When a man sleeps his phantasm, which cannot be seen, is still present.

With this phantasm he is quite familiar, because it visibly attends him in the daytime. It is his shadow. His eyes are usually more or less afraid of shadows.

To the savage not only animals but even inanimate things have their phantasms. Concealed things were objects of a mystery to him.

The phantasm of a man is a very important part of his life. It is his shadow. His eyes are usually more or less afraid of shadows.
