

LIVING

The miser thinks he's living when he's hoarding up his gold; The soldier calls it living when he's doing something bold...

Whether or No

There'll be a panic soon or late, and things will crack and bust, how salted down the dust...

Reminiscences of Georgetown

hastily shoved aside for cottons, eight-hand reeds, money musk, quardrills and lancers as an innovation...

Terra Cotta

Mr. and Mrs. William Marshall spent Sunday with Ballinestad friends.

That's what we said, July 1st will be the biggest day in the history of Georgetown.

Mr. J. M. Denyes, Halton's popular public school inspector, is contributing, in the Christian Guardian, a series of articles on "Some Modern Educational Problems."

Drury Garden Party A garden party will be given in honor of Premier Drury, M.P.P. for Halton, at the home of Mr. James H. Bird, 5th line Esqueping, on June 17th.

Prizes for Essays by School Pupils The Ontario Motor League are offering again, this year twelve cash prizes totalling \$100 to the school children of the Province for the best essay on "How Children May Help to Avoid Motor Accidents."

There will be a lot of people in Georgetown, July 1st. Have you told your friends about the G.W.V.A. demonstration.

Don't Worry About Your Victory Bonds

Victory Bonds today are stronger than they have ever been. The important announcement of the Minister of Finance that Canada has finished borrowing, means that there will be no increase in the supply of these bonds.

The huge sums of money that must be invested from time to time in the highest possible grade of security, will therefore seek investment in existing issues. This should mean a greatly increased demand, and have a strengthening effect on prices.

If you have money less well employed, we recommend that you invest it in Victory Loan Bonds at present prices.

YOU SHOULD INSTALL An Auto Indicator 4 in 1 Tail Light!

"Keep in Mind the Car Behind"

1. The Traffic Laws demand that the driver of an automobile must warn the driver immediately following him when he slows down, stops or turns to the right or left. Keep the law and avoid liability.

2. President Wilson, E. H. Cary, Chairman of the Board of the United Steel Corporation, and a multitude of others have given the victims of rear end collisions because no warning had been given to the driver following. An auto indicator is not an accessory—it is a necessity.

3. The Auto Indicator is ornamental, dependable, durable and easy to operate. It serves as a tail light—is automatically controlled and uses the nation-wide semaphore words GO and STOP. GO is neutral. When the car is moving GO shows. When the car is parked GO means what the traffic man means when he gives you GO. When the brake is applied the indicator says STOP. The arrow is the world's direction sign. A convenient and easily operated lever makes it possible for the driver to tell the man following when and which way he intends to turn.

4. The auto indicator works by day and night. 5. The auto indicator is the automobile's best protector—the world's best safety first auto signal.

6. Drive your car with a feeling of security and comfort by installing an Auto Indicator. 7. Hand signalling is inconvenient, uncertain and often when needed, impossible. An Auto Safety Signal Device will soon be demanded by the authorities, safety directors, traffic policemen and automobilists who now recommend it. Quit taking chances—protect your car, your friends, your family and yourself.

Not only look where you steer, also warn the man in the rear.
