Remain an Owner of Victory Bonds

You are now an owner of bonds. That experience, prior to the Dominion of Canada Loans, was widely believed to be reserved for the wealthy only.

You are satisfied with your purchase—that goes without saying!

The Minister of Finance announces that "Canada has finished borrowing". You therefore possess bonds of an issue which will not be added to, and for which the demand will increase as time passes. This means eventual enhancement in value.

Your first concern should be to hold the bonds you already own, and as you have cultivated the habit of thrift, your next and wisest step is to add to your holdings as substantially as your income will permit.

We recommend 1934 Maturity Victory Bonds at 96 and interest, yielding nearly 6%.

Mail your order or write for particulars.
