

Coal Search at Shelburne
Shelburne is again on the throes of a coal boom. Prospectors and drillers have visited the town during the past week and are very enthusiastic as to the location and mining of coal in many of the farms immediately adjacent to the village.

Horses Won at Toronto
Fred Wrigglesworth may be justly proud of his success again at Toronto Exhibition with his horses. The stall three-year-old sows: "Evangeline," a brown mare shown by Fred Wrigglesworth, Hornby, in the class for three-year-olds, was awarded the female championship after the judges, O. B. Sheppard, Toronto, and J. T. Brownrigg, Brampton, had given the Crutch-shank Stock Farm yearling filly, Victoria K. T., a lot of looking-over.

Prof. F. O. Smith Dead
The remains of Frederick O. Smith, who died at his home in West Toronto, were interred at Brampton on Monday, Sept. 20. Deceased, who was 75 years of age, was born in Brampton or the vicinity. He lived in his native town until about thirty years ago. He was known as "Prof." F. O. Smith. In his earlier days he was a great bandman and manager of dances. As a "caller" he had no equal for miles about. For many years deceased was floor manager of the annual firemen's ball at Georgetown and made many friends in the vicinity.

Injuries Were Fatal
Death was the ending of the injuries received by Mr. Neil Sinclair in his fall from a wagon. Deceased was forty-five years of age and was born at Cheltenham, being a son of the late Alexander Sinclair, his wife, who survives him, was Janet McQuarrie of Cheltenham. Mr. Sinclair is also survived by three brothers, Peter and Donald of Chincoteague, and Alex., of Toronto; and by one sister, Miss Marion Sinclair, of New Orleans, La.

The remains were interred in Boston cemetery on Monday of last week.

When you Visit the Exhibition

WHEN you set out to buy a phonograph, judge it by the TONE.

On this standard — which is the true and the enduring standard — the BRUNSWICK measures fully up to the most exacting demand.

Tone waves travel in circles — that's why it is the only phonograph with a Horn, or Tone Amplifier, moulded entirely from choice wood and oval in shape to comply perfectly with the laws of acoustics.

The BRUNSWICK is also the only phonograph having the all-record, all-needle Ultona, which plays all makes of records with the precise needle, correct diaphragm and exact weight. No attachments — nothing to take off or put on. The Ultona is complete.

Ask to see the wonderful new four-spring Brunswick Silent Motor.

LET YOUR EARS BE THE JUDGE! Visit our booth at the Fair and hear the wonderful TONE from any record produced on the Brunswick.
