THE USE OF MATCHES AS plaything is a very dangerous habit. In the Province of Ontario during the year 1919 one fire in every eight originated through children playing with matches and they thus wantonly destroyed more than \$861,000 worth of valuable property, besides sacrificing several innocent lives. Even in the hands of careless men and 10th con., Esquesing, on women many fires are caused by thoughtlessly throwing a match in at 1 o'clock the following:waste paper basket, or pile of rubbish, before it is quenched. good plan is to break the stick two and then you will be sure driver; brown horse, good roadster, that there is no fire in it.

Pure Cane

Lantic

Sugar

needn't take all afternoon to make a cake! Here, let me cream the butter and sugar. Watch how quick I can do it! If you'd ever used Lantic before you'd realize how quickly a fine sugar creams." Lantic is a quick-acting sweetener, because it is fine. It distributes

the pure cane sweetness speedily, thoroughly and economically. It saves time in the preparation of cakes, puddings and sauces, in the cooking of preserves, in the making of candy, in the sweetening of beverages, hot or cold. Not whiter are the snowy doilys and serviettes on the mahogany table than the tiny crystals of Lantic that gleam and glisten in the sugar bowl. Not finer is the silver with its hall-mark. Yet, in homes where every penny counts, Lantic goodness helps in the saving. It does go farther!
