Editor Herald:  
I want to take this opportunity of expressing my thanks to the Officers N.C.O.'s and men of "The Halton Rifles" for the splendid manner in which they carried out the training at Niagara Camp recently. The discipline was perfect and general behavior excellent. Not a single member of the unit had a charge of any kind laid against him during camp. The rank and file were practically all new men and appeared as smart on parade at the close of the week's training as many overseas Battalions did after months of training.

Regarding Col. Clarke's statement that it was the wettest camp in 38 years - he is talking a lot of rot. There was not a single case of drunkenness in the camp. The following letter from the General should be of interest to those who were in camp and to the residents of the county generally.

Ontario.

Dear Colonel Brown:  
I desire to congratulate you upon the great success achieved by the Battalion under your command at the recent camp held at Niagara-on-the-Lake.

I greatly appreciate the splendid work that you have done in reorganizing your unit, and also for bringing into camp such a fine body of officers, non-commissioned officers and men.

I feel that next year you will be in a position to increase the establishment for camp, and I trust that funds will permit whereby you will bring in your full establishment.

The esprit de corps within your Battalion is of the best and I can see that you are ably supported by your officers and non-commissioned
