Farmers Attention! JOHN McMURPHY MILL-TO-MAN STORE

This season I am allowing 2 c. per lb. more than the market price for farmer's wool, if all taken in exchange at my store, and as my prices are always favorable, it will pay you to come prepared to trade up your entire quantity, thereby securing this big concession, as many of us have already done. The wool market is so dull this year, owing to the U. S. Emergency Tariff Bill, the unprecedented trade conditions, mills being shut down and other contributory causes, it hardly pays me to pay cash, hence this inducement to accept goods in exchange for all of your commodity. I carry a full and complete stock of Hosiery, Blankets, Shagging, Yarns, Underwear, Sweaters, Working Garments, Mitts, Gloves, etc. Open all factory hours.

Reduce the Cost of Selling - Use Long Distance THINK of Long Distance in terms of time and money saved. "Use the Bell to Sell." It is today the most effective form of approach to customers. Your personality, the convincing tones of your voice, will bring results when everything else fails.

Many of our Long Distance calls are not Station-to-Station calls - writes a subscriber. "We notified our customers that two of our most capable men had been designated to look after Long Distance business. As soon as Long Distance calls, our Private Branch Exchange operator switches the call instantly to these men, which gives our client the advantage of Station-to-Station rates. "Increasing the efficiency of a sales force ten per cent is well worth while. Our Sales Manager calls our travellers by Long Distance, or they call him. He encourages them, advises them, helps them to secure orders. If competition has arisen he learns it in time to meet it."
