THE CHAINED DOG

A poor neglected dog am I,
Chained up both night and day;
I never hear a kindly word,
Nor run about or play.

A few dog biscuits all my fare,
I seldom get a bone;
Sometimes my trough is empty
And I'm left here all alone.

But yet I'm true and faithful,
If I heard a kindly voice
Or someone came and stroked my head
Twould make my heart rejoice.

Oh! lords of the creation,
Whom we our masters call,
Don't you sometimes remember
The same God made us all?

Our God is good and merciful,
And so it must be plain
He never meant the human race
To profit by our pain.

—Boots from factory to feet, warranted by the Company to give satisfaction. Any defects in the boots will be repaired free of charge to the customer and charged to the Company. The Macpherson and Peterboro Shoe Companies are the only ones that give a guarantee and they make boots specially for me for custom trade. Boy's hand made boots at $3 that can't be beat, and a lot of girl's brand new boots to clear at 75c next Saturday only. See them in the window and then talk about shoe sales. Travel Ontario and you cannot get a pair of ladies boots soled and rubber heels for $1.00 only at Roney's. Men's soled and rubber heels $1.75; sewed oak soles and rubber heels $2.00. We have to sell better boots than others or we would have too much repairing to do for nothing. It would not pay us to sell cheap trashy boots. Honest square dealing has made our place the busiest in town. The reason I am handling the Peterboro shoe is because it is guaranteed to me. The McPherson shoe is still the leader for style, comfort and long wearing. Repairing while you wait and we take in or give out work night or day. J. Roney, the people's family shoe man that has made a name for Georgetown for good boots. 2t

Give us a Hand!

CITIZENS of Ontario—The only salvation for Ontario's revenue-producing forests is the prevention of forest fires. Your support and co-operation is absolutely essential.

Forest fires are rapidly diminishing our resources of timber and pulpwood. Over 90 per cent. of Ontario's forest fires are caused by human carelessness.

If everybody was careful to prevent the start of fire, Ontario's Forest would be safe.

Save Ontario's Forests
They're Yours

BUSINESS MEN of Ontario — Lend us a hand. The various business associations — of bankers, boards of trade, manufacturers, merchants, lumbermen, engineers, educationalists, tourists, and sportsmen, and all other bodies of weight and influence, can do a great work for this province and for their own interests as well by actively promoting educational propaganda to reduce forest fires.

RAILWAY OFFICIALS can help. Railways cause 40% of Ontario's Forest fires. The Forestry Branch is being well supported by improved co-operation on the part of railway officials and by the Dominion Railway Board. Let us reduce the number of railway fires one-half this summer. (The train passenger in Northern Ontario who nonchalantly throws his cigarette or cigar out of the window during the forest fire season is deserving of a jail sentence!)

CAMPERS, tourists, fishermen, picknickers, berry pickers, prospectors and hunters should feel their responsibility even though out of sight of the policeman.

SETTLERS can co-operate by exercising more care in setting out fire on their own property.

LUMBER FIRMS can help by impressing on all foremen the need for carefulness. River-drivers in dry seasons should be specially warned. Gangs of men going in and out to the camps need special attention, because of the danger along the slash-lined trails from the inevitable cigarette.

THE PRESS could do more public-spirited constructive work to reduce forest fires than any other single agency. This is a non-political campaign in which the whole press could join.

LEADERS OF PUBLIC OPINION in every community should be the first to extend a helping hand. Tell the Chief Ranger or write the Head Office any time you have information or suggestions to impart, or questions to ask.

The Hoover lifts the rug from the floor, like this—Patent 1 shows a cross-section of the sturdy "Hoover" fan embedded in a rubber protector bar 626

Although your reception hall rug receives harsh traffic, it will brightly welcome callers for years longer if you clean it with The Hoover. The Hoover beats out the destructive street grit that becomes embedded. It sweeps straight the heel-crushed nap and picks up the stubborn, clinging litter. It suctions up the color-dimming surface dirt. Only The Hoover does all of these essential things. And it is the largest selling electric cleaner in the world.

The HOOVER
It BEATS... as It Sweeps as It Cleans

We will gladly demonstrate The Hoover in your home or at our store, without obligation. Convenient terms if desired. We advise prompt consideration, as the popularity of The Hoover makes it difficult to keep them in stock
