### AINT IT FINE TODAY

Sur, this world is full of trouble—  
I ain't said it isn't;

Lord, I've had enough and double  
Reason for complaint.

Rain and storm have come to frost  
me,

Skies are often gray,  
Thorns and brambles have been  
me,

On the road—but say

Aint it fine to-day?

What's the use of always weepin',  
Makin' trouble last?

What's the use of always weepin',  
Thinkin' of the past?

Each morn has his tribulations—  
Water with his woe;

Life, it ain't no celebration,  
Trouble—I've had mine—

But, to day is fine!

It's to-day that I am livin'

Not a month ago,

Hevin' town, takin', givin',

As time wills it so,

Poll accordin' was

It may rain—but say

Aint it fine to-day?

James Whitcomb Riley.

### County Council

The members of the County  
Council had a rather busy day on  
August 26th.

At 10 a.m. they assembled at  
the Dundas street, where the work  
was inspected. The council were  
especially interested in the cutting  
through of the big hill that leads  
to Waldron. A large steam  
shovel is used to remove the dirt,  
which is loaded into trucks and  
hauled away. On the boulders rock will have to  
be blasted and cut down to  
the grade, which will be laid on  
the road. A large crusher  
with a capacity of 1000 yards a day is  
being erected, which will be in op-  
eration in about 10 days. En-  
gineer Gregg and the contractor  
escorted the party around, and ex-  
plained the work under construc-  
tion.

The party then motored to the  
Sixteen bridge on Dundas street,  
which is rapidly nearing comple-  
tion, where they were the guests of  
the McLeod Construction Co.

During the day the bridge was also  
inspected and Engineeir Bell was  
complimented on the excellent  
work and progress that was being  
made. The bridge over the ravine  
is 1100 feet long, and consists of eight  
spans 108 feet long and one span  
60 feet long. All the spans have  
been placed in position, except one  
which was ready to be placed. The  
concrete floor is completed  
across five spans, and it is expected  
the bridge will be completed  
within a couple of weeks, but will  
not be open to traffic for a few  
weeks, considerable grading and  
filling in will be done to both sides  
of the bridge.

Some of the party then pro-  
ceeded to the seventh line in Trafalgar  
township, where four miles of  
cement road is being laid on the  
county provincial highway. The  
work is progressing rapidly, on  
this piece of road, and the machin-  
ery and equipment used was  
very interesting. The road is ten  
feet wide, and some days over 600  
feet of concrete is laid and finished.

The council arrived at Milton  
for o'clock, when the reg-  
ular business meeting was held.

The most important busi-  
ness disposed of was the sale of  
\$100,000 worth of 6 per cent. bonds  
to the Amelia Jarvis Co.

For \$64,41. Over a dozen bond  
holders received, which speaks well  
for the credit of the county.

The Milton Farmers' Club sent  
a resolution asking for the re-  
signation of Mr. J. G. Wilson, as  
Road Superintendent, but the  
Council would not consider it, the  
general opinion being that Mr.  
Wilson is quite capable, and no  
specific charge had been made. A  
resolution was passed that the  
resolution be filed and not con-  
sidered.

Mr. Morris also addressed the  
council in regard to cement and  
steel tile for culverts, but the  
council took no action.
