A Satisfactory Store

The gale epidemic has corrupted the Clothing Business. Coats, Suits and Trousers are marked double their worth and then reduced to half. If some advertisors were compelled to oatablish the truth of their statements it would ruin them - since it would force them to be honest.

HONEST VALUES!

It is easy to distinguish between our honest values and these false values. Phat's what has made our business grow. Peo ple buy at this store because they know they get the most for their money here and certain of satisfaction.

The success of a store depends upon what it does.
