Sixty Thousand Spectators Attend International Ploughing Match

Samson Tractor Makes Clean Sweep of Prizes at Woodstock, Ontario, Gold Medal Awarded F. G. Simola, Driving a Samson Machine.

Before the largest gathering ever assembled in the Dominion of Canada, to view the International Ploughing Match held at Woodstock last Thursday and Friday, the Samson Tractor made a most unique record in carrying every prize from first to fourth in the Professional Sod competition, and first to third in the Amateur Stubble competition, in addition to the Gold Medal for ploughing which Fred Simola of Toronto carried off the Gold Medal for the excellence of the work done by this Samson Tractor.

This medal is awarded by the Ontario Plowmen's Association and is the Grand Prix of ploughing prowess. Oshawa was represented by B. M. Robinson who brought Oshawa her share of laurels in the event by winning the third prize of the professional competition, Clark Young of Milliken coming out slightly in the lead of Mr. Robinson and carrying off second honors. Albert E. Fay of Niagara, on the Lake followed Mr. Robinson with the fourth prize.

The Samson Tractor did credit to Oshawa, it's home! All of the prize winners who led the competition drove a Samson, and in commenting upon the extraordinary merits of the Samson Tractor, the Woodstock Sentinel Review remarks in a front page box: "The work of these plowmen was of an exceptionally high quality for tractors of this class because of the easy handling qualities of the Samson Tractor. This tractor it was observed could be throttled down to a speed which resembled a crawl, enabling the men to put a fine finish on their work and get the quality which the other machines rushing along at a faster rate of speed could not obtain. Yet when speed was needed to finish within the time limit, the power was there and they were able to move along as fast as the fastest there."

This tribute to one of our home products should surely be a source of pride to Oshawa. The Samson Tractor does not only shine when handled by professionals, but works equally as well under the control of the amateur. Messrs C. W. Clibine of Richmond Hill, E. McQuigg of Walkerville and Douglas MacCampbell of Alvinston all drove Samson Tractors in the Amateur Class and carried off first, second and third prizes respectively.

A number of prominent public men were among the spectators at this big match, including L. Stevenson, Secretary and Supervisory Director of the Ontario Department of Agriculture, E. S. Duncan, Director of District Agricultural Representatives; George B. Hood of the Canadian Countryman; Martin MacDowell of the Oxford County Holstein Breeders Association and a number of other important National personages.

Which? Canada Needs Meighen. The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure. A Vote for Crerar is a Vote for Chaos. So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audience. Talks Free Trade to the West and Protection to the East. Specializes in high-sounding phraseology. His party is pledged to a large measure of Free Trade, but fails to suggest new methods of obtaining necessary National Revenue. A Vote for King is a Plunge in the Dark. Easily the outstanding figure in Canadian public life to-day, and the only real Leader in sight. Able, forceful, courageous, and upright in character. A statesman of demonstrated ability with broad National and Imperial vision and an unassailable record. Stands firm for the maintenance of a reasonable Protective Tariff, and aims to provide the maximum amount of profitable labour for all. A VOTE FOR MEIGHEN IS A VOTE FOR A SPEEDY RETURN TO MORE PROSPEROUS TIMES. The National Liberal and Conservative Party Publicity Committee.

A blanket petition, signed by 193 subscribers of the Bolton Telephone Co., was presented to the Co., the signers asking the removal of their phones should the annual rental be raised above \$12. Of those whose names appear on the petition about 60 have paid their rental. The Co. were recently given permission to raise their rates from \$12 to \$14 a year.

Fixed for Shooting Squirrels. The sequel to the wholesale slaughter of black and grey squirrels in the bush near Evergreen Cemetery, Milton, was the summoning of William Main, of Trafalgar Township, to County Police Magistrate Shields' court at Oakville last Thursday, where he was first fined \$60 and costs. When Mr. Main explained that the squirrels had eaten holes into his granary and done a lot of damage to his grain, the magistrate reduced the fine to \$30 and costs, which totalled \$40. As the result of the same inspector of Chatham granting farmers permission to shoot the squirrels in that district on account of the wholesale destruction done to their grain by them, Mr. Main will likely ask the provincial game warden to County Police Magistrate Shields' court at Oakville to refund the fine imposed on him, as he claims he killed the squirrels to save his crop, the same as the farmers of Kent County are doing with the permission of the game inspector.
