CANADIAN EX-SOLDIERS ARE WINNING THE BATTLE OF TURNING WASTE LANDS INTO FRUITFUL FARMS

Good reports of Canada's success in re-training, free of charge, some trade or profession of their own choice in which their disabilities would not prove a handicap. But the greatest good was accomplished through the land settlement scheme.

Statistics to the end of October, 1921, show that 27,142 returned soldiers have been settled on the land. Of these, 6,103 were settled on free lands without loans, while 21,039 with loans amounting to \$38,604,467. The total area occupied by soldier settlers is 4,854,792 acres, of which about one-half is free land. It is estimated that the soldiers have broken over 600,000 acres of new land. So far, 423 have repaid their loans in full.

The Canadian Pacific Railway, a large land owner in the western provinces, and desirous of doing something in the matter of soldier re-establishment instituted a scheme for the community settlement of returned men as early as 1916. The plan comprised settlement upon im-

Both Parties to Blame
In the case of Symons vs. Laing tried at the Sessions here last week before Judge Elliot, in which Symons of Acton sued Gordon Laing for damages to his auto in a collision on Main street one night last summer, His Honour, after hearing the evidence, came to the conclusion that both parties were to blame in the matter and dismissed the case each party to pay his own costs.—Milton Reformer

Limehouse
The children of Limehouse gave their cantata "The Crowning of Christmas" in excellent style, each and all taking their parts so well that they deserve praise. Master Campbell Ross who acted as chairman should have special mention. If he continues to be launched out on the night of Dec. 22nd we will soon have an able chairman and platform speaker in Master Campbell Ross. The Xmas Tree was beautiful and the delight of all the children. The hall was filled with grown ups as well as the kiddies and they all felt that under the expert leadership of Miss Sheppard (the teacher) there could be nothing more done to make the evening's entertainment more complete.—Com.
