BELL TELEPHONE COMPANY
LONG DISTANCE TELEPHONE
"Use the Bell to Sell"
The Ear of the Public!

Is it waiting for your message? The telephone is at your elbow—and over the telephone you always get a hearing.

How much of your traveller's time is spent in waiting? While he is on the train or cooling his heels in an office, waiting, you or he might be talking to the customer by Long Distance, making another sale.

One merchant estimates that 46% of a salesman's time is spent in travelling—that only 15% of his time goes to actual selling. He will only while the other man is listening! enables a salesman to cover ten towns a day and stay at home, writes the Banking Service Corporation, Limited, Toronto.

A banker tells us that every day's delay in turnover costs Canadian business men one million dollars. If you placed orders by Long Distance and secured shipment the same day, or next, by how many dollars would it increase your turnover?

We have yet to hear of a business that has not been benefited by an increased use of Long Distance.

Apply the classified Long Distance schedule to your business consistently, and you will secure good results. Our manager will give you hearty, intelligent co-operation.

Every Hill Telephone is a Long Distance Station

Hampshire Brown—that this Council now adjourn to meet on Feb. 13th, 1922, at 1 o'clock, p.m.—Carried.

Notes and Comments

ONE OF OUR SUBSCRIBERS took us to task for failing to be remarked, to publish all that happened. It was fortunate for this particular individual that discretion occasionally demands the omission of unpleasant items. Should we publish all that is told to us we would be with the agents in about twenty minutes after our papers were mailed. We try to print all items that are news, or that will encourage, help or cheer any of our citizens along life's rugged road. We doubtless would enjoy reading "all the news" when it's about the other fellow but our policy is to turn over to the gossip the spreading of scandal that only leave sorrow in their trail.

THERE WERE 45,101 accidents reported to the Ontario Workmen's Compensation Board in 1921, as against 44,951 in 1920, a decrease of 9,890. The fatal accidents decreased from 423 to 392. The daily average was 161 accidents reported in 1921, as against 168 in 1920. The compensation awarded during 1921 amounted to \$2,586,619.00, as against \$7,076,490.69 during 1920. The average daily number of checks issued by the board during 1921 was \$692,799.89, as against \$708,706.68 in 1920. This made the total benefits awarded during 1921, \$3,189,818.49, as against a total of \$7,770,145.95 in 1920. The average daily number of checks issued by the board during the year was 426, and the benefits awarded averaged \$20,681 per day.

EVERY SHREWD NEWSPAPER reader readily acknowledges that a most important part of our news, the news that effects pocket-books, is found in the advertisements of the local merchants. The merchant who advertises is a reporter. He reports to the newspaper what he has to offer, and it is real news. It affects the pocket-book of every family. If some merchant is making a great run on shoes and selling them cheap, that is news that every person who needs shoes ought to know. If another is offering special bargains in overcoats, underwear, corsets, hats, furniture, dress goods, carpets, groceries, coal or wood, it is news that means money to every family and the people ought to know it. That's why all merchants should advertise in the local newspaper. People want to know where to get what and the advertisement often tells them what they need and where to get it.—(Ex.)

ON MAKING A SURVEY of the various outstanding matters which should receive the earnest attention of the Council, it is the necessity for greater efforts to make improvements in Greenwood Cemetery naturally presents itself. The desirability for the formulation and adoption of a feasible plan for the perpetuation of all plots in the cemetery is manifest to all. Numerous towns and cemetery committees or commissions throughout the country have put this scheme into successful operation. Through it all plots are kept neatly trimmed and presentable, and those who are non-resident plot-holders are relieved of any anxiety respecting the care and appearance of the plots and graves where their departed are sleeping. This plan greatly improves the appearance of the cemetery, as the plots and graves which are often neglected otherwise, through it are kept neatly trimmed, and there is then a uniformity of neat and attractive appearance which appeals to all concerned and to the visitors who are so often attracted to a well-kept cemetery. The cost to plot-holders for the perpetual care plan has been found to be reasonable. Many non-residents would gladly contribute the sum necessary to accomplish this improvement and local holders of plots would be very generally welcome the adoption of the scheme. The Council will be well advised if it takes steps to put such a plan into effect. Guelph has lately put the perpetual plan into operation. Newmarket has had it for years. Reliable information may be secured from the officers of either of these cemeteries as to the methods to be adopted and the approximate rates to be charged to secure this much-desired improvement.

High-Class Recital

A high class recital will be given in the Methodist Church auditorium Tue. eve Jan. 24th by Mrs. Main, Contralto, Miss Marjorie Latimer, Toronto's popular violinist, Mr. R. Lindlow fine electionist of Toronto and Miss G. Smith accompanist.—Those who had the pleasure of hearing Miss Latimer in the Baptist Church last year will not wish to miss the recital, and as there are only three hundred good seats available, be sure and procure your tickets early. Programming at 8:15 Tuesday evening Jan. 24th 1922.
