

THE BUSINESS BEAUTIFUL
 Blessed are the sinners in spirit for their is the kingdom of proffers.

Blessed are the patient, for they shall conquer themselves.

Blessed are they that love their work, for their work shall requite them.

Blessed are the faithful in little things, for they shall inherit the great.

Blessed are the considerate for they shall obtain consideration.

Blessed are the clean in business for posterity shall honor and emulate them.

Blessed are the peace-makers, for the spirit of success shall serve them.

Blessed are they that labor in friendliness, for every day shall bring them happiness.

H. R. A. Foley, in Philadelphia Ledger.

Erin

Mr. John Bessey of Georgetown, was a week and visitor with Mr. H. Matthews.

Mr. Richard Fines, 10th line, Erin, suffered a severe loss recently, when several animals in his herd of cattle were suddenly seized with some disease, which baffled the local and provincial veterinarians. Three of the choice animals died and the veterinarian was taking every precaution to stop the disease from spreading.

Mrs. (Dr.) McFaul, of Collingwood, is visiting with her mother, Mrs. Garbery, who is in failing health.

Mr. A. E. Graham, of Gore Bay, spent Sunday with Mr. and Mrs. H. Matthews.

Miss M. Teeler, of Alton, spent the weekend with Mr. and Mrs. W. Matthews—Advocate.

RHEUMATISM

LUMBAR vs. T.R.C.'s
 RHEUMATISM and similar troubles invariably yield to this T.R.C.'s (Templeton's) Rheumatic Capsules treatment. Many doctors and many hundreds of druggists from coast to coast will confirm this truth. The hundreds of testimonial letters in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuralgia of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s at \$1.00 per box. Railway News in Brief

Captain W. J. Bayon, one of the most popular shipmasters in the Coast service of the Canadian Pacific Railway, has been elected to the presidency of the Canadian Merchant Service Guild and the British Columbia branch of the Canadian Navigators' Federation.

Report from Victoria says: Traders will be called by the Canadian Pacific Railway for the repair of a steel car-barge No. 8, recently salvaged, after being ashore at Lottier Pass, immediately following the completion of the survey to ascertain the full extent of the damage.

Col. Moore, who is manager-in-charge of the big winter carnival at Banff, held from January 18th to February 4th, is making elaborate preparations to put the sporter over in good style.

He hopes to secure permission from the Dominion Government for the location of a real bullfight beach for competition among ladies' hockey teams of Canada and the United States. In addition, the winners will receive a silver trophy and individual medals. The Amateurs of Vancouver, Seattle, Bellingham, Bagnato, and Calgary Patricias will be among the competing teams. All the ladies' hockey teams who will compete at the Calgary carnival, January 16-21, will also perform at Banff.

Honors LaBee, whose record of 40 years' service as conductor of the Canadian Pacific Railway, has probably never been eclipsed in the history of the Company, has passed away in Vancouver. He was superannuated five years ago.

Mr. LaBee was a bachelor and had no near relatives. He was born in Quebec and commenced his railroad career as a messenger boy while still in his teens.

Winipeg. — Twelve entries already have been received for the dog race to be run in connection with the Winnipeg Winter Carnival, the carnival committee announced today. The race will follow the route to Winnipeg, a distance of 224 miles. W. Hunt, of the Northern Electric Company, is chairman of the committee. As a preliminary to the Winnipeg Winter Carnival, a reception and midnight supper will be held in the Royal Alexandra Hotel, on the afternoon and evening of Tuesday, January 23rd. The carnival itself will open two weeks later. The entire ground and restaurant buildings will be given over to the reception and frolic, and the whole affair will revolve around the 24 candidates for Carnival Queen.

Excavation work in connection with the twenty-story tower to be added to the Chateau Frontenac, Quebec, has been commenced at the foundation level. The tower, which is being demolished to make room for the building of the tower. Dynamite had to be used at times to loosen the solid structural work which had the effect of twisting the steel girders and beams above, which now can be seen in the court yard of the hostelry with piles of debris that are being carried away to a dump as quickly as possible. Mr. Mitchell, the energetic superintendent in charge of the construction, expects to have the other third removed within the next ten days when the excavation work for first floor will be rushed. In the meantime the Dominion Bridge Company, contractors for the steel structure, are shipping the material to Quebec daily, and it is expected that the frame work will be well on the way to completion by the beginning of next summer, though it will take more than another two years to complete the eastern extension and improvements which, when completed, will put the Chateau in an exceptional position in architecture and unique situation in comparison with other hotels on the American Continent.

During the present season the Canadian Pacific has hauled 2,028 cars of grain, containing 4,256,908 bushels, which has exceeded the elevators at West St. John, as compared with 2,053 cars, with 4,174,124 bushels during the corresponding season. The elevators at West St. John contain a million and a half bushels of grain. There has been a general falling off of import freight during the last few days, but the totals are nevertheless above of the same period twelve months ago.

Quebec. — Reports have been received of the discovery of a mine near Onalaw Corners, Que., by Mr. J. Turner, which it is claimed contains many gold and silver, and it is understood he has refused \$100,000 for it.

The building of the new C. P. R. station at the corner of King and Queen streets, which is being completed rapidly, and it will not be long before it is ready for occupancy. The new platform in front of the station is seventy-five feet long, and the old platform, which was in the rear of the building, has been removed. The new platform, which is being completed, will be the largest of the kind in the city. The building is being erected on the site of the old station, which was destroyed by fire. The new building will be a two-story structure, and will be the largest of the kind in the city. The building is being erected on the site of the old station, which was destroyed by fire. The Store that's So Different

You have doubtless read and re-read many clothing advertisements this season. You have been pestered with big type and you have been reasoned with in small type. You have been plied with advertised reductions so unreasonable that your good sense at once stamps them as fictitious.

Here's a Store that is Different
Men's Suits
\$30, 35, 40 up to \$60

We sell no \$80 suits for \$14.99 or do we sell \$85 overcoats for \$18.98. We claim to be a fair dealer, wide awake Clothing House always giving you the best possible value for your money and ever ready to make any wrong right. Surely no one will or can give you more for your money than we will give you and you can certainly do no better than to make this store your Clothing Store.
