

A MERCHANT PRINCE
There was an old geezer and he had a lot of sense. He started up a business on a dollar for eighty cents. The dollar for stock and the eighty for an Ad. He brought him three lovely dollars in a day, by that. Well, he bought more goods and a little more space. And he played that system with a smile on his face. The customers flocked to his two-by-four. And soon he had to hustle for a regular store. Up on the square, where the people pass. He gobbled up a corner that was all plate glass. He fixed up the windows with the best that he had. And he told 'em all about it in a half page ad. He soon had 'em coming and he never, never quit. And he couldn't get down on his hands, one bit. Well, he kept things humming in town ever since. And everybody calls him the Merchant Prince. Some say it's luck, but that's all punk. Why, he was doing business when the times were punk. People have to purchase and the geezer was wise. For he knew the way to get 'em was to advertise.

The latest fad is for the girls to have their names worked into their stockings. As though the fellows wouldn't look anyway.

Studebaker

LIGHT-SIX
40-horsepower
112-inch wheelbase
New standard front and rear wheels
The Studebaker LIGHT-SIX will appeal to every buyer who wants a low-priced car that will be satisfactory in performance, appearance, comfort and endurance. And in addition to its recognized superiority in these essentials, the LIGHT-SIX carries refinements found only on more expensive cars. The LIGHT-SIX is equipped with cowl ventilator operated from the instrument board; cowl parking lights; inside and outside door handles and large rectangular plate-glass window in rear curtain. A thief-proof transmission lock, which reduces the rate of insurance to LIGHT-SIX owners, 15 to 20 per cent, and cord tires are also standard equipment. Long, semi-elliptic springs (50-inch in rear; 36-inch in front) and soft, genuine leather upholstered cushions, nine inches deep, provide unusual comfort. Its 40-horsepower motor delivers ample power for the hard pull. And vibration is practically eliminated by Studebaker's method of machining the crankshaft and connecting rods. The intrinsic value of the LIGHT-SIX is unmatched at anywhere near the price because Studebaker does not skimp on materials or workmanship but uses the best. It is built complete by Studebaker in its own Canadian factories, making possible its low price of \$1495, f. o. b. Walkerville, Ont. Studebaker has been building quality vehicles and selling them at fair prices for nearly three-quarters of a century and is the largest builder of six-cylinder cars in the world.
Touring, \$1495; 3-Passenger Roadster, \$1495; Coupe-Roadster, \$1925; Sedan, \$2425. All prices f. o. b. Walkerville, Ont.
