WE WILL POINT OUT THE TROUBLE

By O. T. WALKER
MOST Eye Trouble is the direct result of eye-neglect. When the first signs of eye strain appear a Registered Optician should be consulted. We will thoroughly examine your eyes and prescribe the glasses that will give you comfort and ease. Our modern charge is regulated according to the extent of the trouble and the amount of work on the lenses; also the value of the mounting you choose. A Registered Optician is an eye specialist who has proven his competency by government examination to care for your eyes.

Let us examine your eyes. We'll tell you what's wrong. We'll tell you how to go to it.
