**NOT UNDERSTOOD**  
Not understood, we move along  
sunder.  
Our paths grow wider as the seasons  
pass.  
Along the years we marvel and we  
wonder  
Why life is life. And then we fall  
asleep.  
Not understood.  
Not understood, we gather false  
impressions,  
And long them closer as the years  
go by.  
The virtues often seem to us  
translations,  
And thus men rise and fall and  
live and die—  
Not understood.  
Not understood—how trifles often  
change us,  
The thoughtless sentence or the  
fancied slight.  
Destroy long years of friendship  
and estrange us,  
And on our souls there falls a  
freezing blight—  
Not understood.  
How many cheerless, lonely hearts  
are aching,  
For lack of sympathy—ah, day by  
day!  
How many cheerless, lonely hearts  
are breaking,  
How many noble spirits pass  
away—  
Not understood.  
O God! That man could see a  
little clearer,  
Or judge less harshly where they  
have branched in shallow trenches.  
O God! That man would draw a  
little nearer  
One another. They'd be nearer  
Then—  
And understood.

**MAKE A COMPOST HEAP!**  
Save the Garden Rubbish and Make  
Cheap and Valuable Manure.  
Garden waste, decayed vegetables,  
dead vines, weeds, and the organic  
rubbish that collects about the place  
during a busy summer may be clean-  
ed up and put to work again through  
the agency of a compost heap. Start  
the heap by laying down a bed of  
stable manure which has not been  
burned or heated. The size of the  
heap will vary with the amount of  
refuse to be used; for ordinary use  
if the bed is made 8 feet long by 4  
feet wide and 1 foot deep it will serve  
the purpose. Over the manure spread  
a two-foot layer of refuse and cover  
with another layer of manure. This  
heap will vary with the amount of  
refuse to be used; for ordinary use  
if the bed is made 8 feet long by 4
