A World's Wonder
 Publishers of Europe and America have expressed surprise that a paper of such wonderful value as the Family Herald and Weekly Star of Montreal can be produced at the subscription price charged. It is not surprising when you consider the Family Herald that excites the wonder of the world, it is the vast variety and the super-excellence of its contents. The great success of the Family Herald is due to the fact that it is a class by itself without a rival in its field. The publishers understand and will send sample copies free on receipt of postal card.
