A Deserved Diploma-- Certificate of Health

Miss M. lived in the Ottawa Valley, not far from the capital, with her mother and young sister. Work seemed the natural thing when she left school and accordingly she started out to get what she could for her services. Progress was not fast, but at least she did not stand still, and her earnings were always increasing.

With such prospects it seemed that her little sister could get the chance that she had been denied—a University education. The baby of the family was to receive her degree of Bachelor of Arts. Next year she was going to do better—Master of Arts. But here's where the address comes in. The elder sister, broken in health by overwork, is no longer able to assist. She is a patient at the Muskoka Hospital for Consumptives, but it is hoped that she will shortly graduate with a Certificate of Good Health.

Seventeen thousand patients have been cared for by the National Sanitarium Association in its hospitals in Muskoka and at Weston. Half of them have been restored to health and happy homes. You can share in this great work if you will. Contributions may be sent to Hon. W. A. Charlton, 233 College Street, Toronto.

QUEBEC'S NEWEST MONUMENT

The Monument to Cardinal Taschereau as it will appear when completed.

The State of the Republic of Quebec in front of the Post Office.

It had long been the earnest desire of the citizens of Quebec to have the memory of their beloved cardinal recalled in a more material fashion, and for that purpose a public subscription had been organized some time ago to defray the cost of such a memorial. When sufficient funds had been collected, a contest, in which many noted sculptors from America and the old world participated, was held, and from the models submitted by these artists, a committee selected the design of the Statue which will later be unveiled on the Place de la Basilique, in front of the famous old temple of Quebec.

Its author is a French sculptor of renown, Mr. André Vermorel of Paris, who has been engaged in making many of France's best known monuments erected in recent years. One of them recalling the name of the "Blue Devils," the celebrated Alpine regiment of France, stands on the summit of Gobelwiler and is much admired.

Shortly after the decision of the committee was made known, Mr. André Vermorel landed in Quebec with Mr. Maxime Robain, the architect who is going to design the pedestal of the Taschereau memorial. Mr. Robain, also, has attained a great reputation in his country as a master of his art. His last work of importance is probably the triumphal arch which will soon be built on the road from Bar-le-Duc to Verdun, to immortalize the glorious stand of the "Poilus" on what was then known as the "Hell of Verdun."

The two French artists, who left Quebec for their own country a short time ago to proceed with their work on the Taschereau memorial, took the opportunity of their stay in the old city of Champlain to collect some valuable information regarding the life, ways and character of the late cardinal, such information being indispensable to give a true interpretation of his personality. The location of the monument was also discussed, and it was agreed that it would stand in the little park stretching in front of the Basilique, at the end of the Rue de la Fabrique.

While in Quebec, Mr. Vermorel and Mr. Robain were the guests at a great banquet given in their honour at the Garrison Club, at which most of the prominent people of the ancient capital attended. In answer to various speeches of welcome by Hon. L. A. Taschereau, Mgr. Marois, Mr. Henri Gagnon, and others, Mr. Vermorel said how he and his companion were pleased to be in Quebec and how they had been impressed by the welcome extended to them. He also had eloquent words to express his admiration for the patriotism of the city and for the congenial hospitality of its citizens. He said he hoped to come back for the unveiling of the statue, which will take place on June 17th, 1923.
