TORONTO STABLE EQUIPMENT

Rust-Defying—Because Hot Galvanized
There's one feature in particular you'll appreciate about Toronto Stable Equipment. This is the fact that the "Hot Galvanizing" method we use thoroughly covers and completely coats both the inside and outside of the steel, making it absolutely rust-defying and proof against strong stable acids for the maximum period—while the method ordinarily used simply applies a surface coating and goes only a short distance into the metal.

Wonderful Value for \$2.00
It is a source of constant wonder to publishers the world over how The Family Herald and Weekly Star of Montreal can be printed and mailed to any part of Canada for the small subscription price of two dollars a year. Some other papers may quote a lower subscription price but they do not contain one-third, nor in many cases not even one-tenth of the reading matter published each week by the Family Herald and Weekly Star. People everywhere are now selecting their reading material with greater discrimination than in the past. Instead of being loaded with a lot of second rate papers and magazines, they are now saving money by discarding the cheap and subscribing to "The Family Herald and Weekly Star of Montreal"—the one big all-round journal that provides in its seventy two pages every week an ample volume and variety of reading to satisfy every member of the family. In addition to being the best informed, most practical and helpful paper for farmers, the Family Herald and Weekly Star provides the best of serial and short stories, complete departments for women and young folks, powerful editorials on the most important topics of the day, a complete weekly digest of world news, in fact a veritable library of information, entertainment and inspiration. On account of its clean, wholesome and helpful character, its phenomenal value and powerful influence for good, it is not too much to say that the Family Herald and Weekly Star of Montreal should be in every Canadian home.

Halton Liberal Association
The annual meeting of the Halton Liberal Association will be held in the Princess Theatre, Milton, on Saturday, March 24th at 2 p.m. Important matters will be discussed and in view of the approaching Provincial election it is hoped that there will be a large attendance of Liberal men and women, and that every polling sub-division will be represented. Mr. Gordon D. Coghant of Oshawa, former President of the Ontario Federation of Young Liberals (O.F.Y.L.) will be present and will address the meeting.

A foul used to blow out the gas and now he steps on it. The proposal in the legislation to place a tax of two cents a gallon on gasoline deserves little sympathy and less support. Auto-ists are now the target for too many darts.

Notes and Comments

THE ASSIGNMENT of the L. R. Street enterprises, including those owned by Canadian as well as United States shareholders, was a deplorable development. The failure of this concern can hardly be attributed to the ordinary business exigencies, but was the result of a radical departure from the accepted principles of business expansion. The promoters of this institution found the public "easy" and were in consequence led to build an ever extended superstructure on a precarious foundation. There is the usual round in this failure, which it is hoped the public will not disregard. For one thing it is a fairly safe investment, except that worth-while securities are not peddled around from door to door. Furthermore, it should indicate that extravagant claims and guarantees of likely returns mean little or nothing when the enterprise is unproved, and the adoption of such means of inveigling the public into buying should at once warn the investor to beware. But, perhaps, most important of all, the collapse of this institution emphasizes the fact that there is no royal road to wealth, and the individual who departs from the ordinary channels of conservative investment procedure is following a precarious course which may lead to disaster.

Norval
Report of Norval Public School for February. Names in order of merit.

Teacher—E. V. Orvan.

Obituary
BRIDGET CONNOLLY
From the Walkerton Telescope particulars are gleaned of one who was an esteemed resident of Acton and Speyside for many years—Mrs. Bridget Connolly. Eight years ago Mrs. Connolly went to Walkerton to make her home with her daughter, Mrs. Foley. She died on Saturday evening, February 17, at the age of 92 years, after being confined to her bed only three weeks. Mrs. Connolly was a kind-hearted, industrious woman, respected by all who knew her. She loved her church and was a most faithful attendant. Two sons and two daughters survive: Owen, at Vancouver, B.C.; James at Riverside, Cal.; Mrs. Dick, St. Catharines; and Mrs. Foley, Walkerton. The funeral services were conducted at the Roman Catholic Church, Walkerton, on Tuesday morning by Rev. Father Maloney.

Glenwilliams
The meeting night of the C.S.-E.T. groups of Glenwilliams in which we ask every boy to be a real fighter of our program, are for the smaller trail rangers Monday night at 7.30, for the larger boys of the trail rangers Wednesday night at 8 o'clock, and the tuxedo square meets at 7.15 on Friday evenings. Let's have real meetings and carry out our laws and aims as found in Luke 2:52. Any suggestions by the boys for our banquet or social in regards to the programme are respectfully solicited so that it may be started right away. We want everyone to know our work and our ideals in this work so come along boys, prepared to give us real suggestions for a real time for a real live awake banquet.

New Quarantine Regulation
A new regulation in the matter of quarantine, which will be welcomed by the schools, is as follows: "In the case of children or teachers in a house quarantined for chickenpox, German measles, mumps, measles or whooping cough, the Medical Officer of Health may, if he is satisfied of the effectual isolation of the patient, and satisfactory proof is given that such teachers or children have themselves at one previous time had the disease for which the house is quarantined, allow them to attend school without changing their residence."
