Hockey

The Ladies Hockey team journeyed to Milton last Thursday night and played a return game with the Milton Ladies at the Arena there. Both teams were evenly matched and played good hockey, although play throughout the game was a little slow on account of the heavy conditions of the ice. Ten minutes overtime was played but neither team could net the rubber, so the game was a scoreless one. Both goal keepers were called upon to make some good saves, but Miss J. Leavitt is goal for Georgetown was right there every time and stopped a few of the Milton girls' good shots. The Georgetown girls have the speed and the gentle will but are a little weak on their shots. By next winter we expect they will get an earlier start and show that they can play hockey. The Milton girls entertained the Georgetown girls right royally, and the High School team both before and after the game. The line-up was as follows:—Georgetown—Goal, Jessie Leavitt; defence, Amy McDonald and Yvonne Adams; centre, Gladys Ross; wings, Lenore Cook and Grace Forest; subs, Marion Gollap and Edith Keener. Milton—Goal, Helen Mills; defence, Isabel Anderson and Gladys Martin; centre, Ruby Wales; wings, Loretta Brand and Frances Bernab; subs, Mary Stewart, Irene Graham and Ruby Wilson. Referee—W. Stewart, Milton.

The Acton Continuation School hockey team was defeated by Georgetown High School sixfifteen in the Arena here last Friday afternoon by a score of 8-2. Walters goal-tending was a feature of the game which was kept well in hand by referee, Croy Kennedy. The return game between the Knockouts and Combacks was played with the regulation broom and soft ball at the Arena last Friday evening. It was very fast and referee "Bill" Grant was kept very busy. The score at the end of the last period was 2-1 in favor of the "Combacks".

A fast and furious game of hockey was played at the Arena on Monday night between the Hardware and the Granite which resulted in a 3 to 2 victory for the Hardware. The play was fast from the start and many were the penalties on both sides. P. Blackburn was referee and handled the game to the satisfaction of all.

Correspondence

Georgetown, Ont., March 20th.
 Editor HERALD.
 Dear Sir: In one of your recent issues of the Herald a letter appeared therein signed by Ralph Ross, Principal of the Georgetown High School, in regard to the rink and to the play, "Katcha Koo."

The people responsible for this play were the directors and the Board of Management of the Georgetown Arena Company Limited, composed of the following gentlemen: E. McWhorter, W. V. Grant, H. H. Heartwell, W. G. Buck, Howard Keener, Arthur Peller, Charles K. Watson and Leo Ross. We desire Mr. Ross to know that we are ready and willing to assume absolute responsibility for the same.

We would just like to say here that the above named gentlemen and the one hundred or more shareholders of the Arena Company have risked their money, and all of the above named gentlemen have spent days and days of their time gratis and have pledged their credit that the Georgetown Arena might be built. They have done this believing that the Arena was essential to a town of the size and standing of the Town of Georgetown. They believe that it will be of great benefit to all of the people of our town, and especially the boys and girls as they believe that every mother and father in our town realizes that their children must have exercise and that they must have good wholesome amusement of some sort and we believe that skating combines both of these.

The Board of Management of rink also felt that when the Arena was first contemplated that they had the good will and moral support of this community as a whole, and we might further add that regardless of Mr. Ross' letter they still feel that this community deem the Arena a grand thing for our town. We have no doubt that the parents in the Town of Georgetown are quite able to look after the welfare of their children after school hours and we might say that it is not the wish of the Arena Co. that any child should abuse the privilege of skating.

We believe that every youngster has to have a certain amount of amusement, pleasure and exercise during their childhood. We had it in ours and we believe that most of the people in Georgetown have had it in theirs.

The whole question seems to be that the privilege shall not be denied to our children and we think that the parents are quite able to see that it is not.

The ratepayers of the Town of Georgetown thought so well of the Arena that they loaned to the Company \$10,000 by an almost unanimous vote.

There has been nothing that has pleased the management of the Arena more than to have stood at the rink and watched the children there thoroughly enjoy themselves on the ice, and in a great many cases the fathers and mothers came to the Arena with their children and joined in the fun.

We are sure that these children will be able to learn more, will be healthier and make better citizens of this country than if they simply confined the whole of their time to their studies. There is an old saying that all "ork" and no play makes Jack a dull boy. A great many of our prominent citizens to-day, in fact the brightest minds in this country are of men and women who, in the days of their youth, were engaged in and were successful at all kinds of games and looked after the building up of their body as well as their minds.

We might say that the Arena is paid for yet and it has been essential for the management to find ways and means by which they could raise money to pay for the same. In the past few years several plays and concerts have been put on by different organizations to raise money for different laudable purposes, in fact, last fall the High School put on a play of the High School commencement, and while the comedy, as I understood they called it, was very funny and well put on by the school children, yet one could not say that it was very educational, in fact no more so than the play "Katcha Koo." I also understand that there were folk dances in addition to the play, similar to those put on in the play, "Katcha Koo." Owing to the success of this last mentioned entertainment and others that have been held, the management decided that they would put on a play to raise dollars to help pay for the rink. They cannot see that there was any difference in the tone of the Arena Co. play and the one put on by the High School, and from the reports received they believe that the play by the High School took a great deal more time than the one put on by the Arena Co., and we understand that the money raised by the High School commencement was used to help pay for a piano for the High School, in fact the town council did not raise a cent to help pay for an Arena. We might add that in the case of the Arena it is within the reach of every child in Georgetown while the piano can only be used by a small portion of the children who are fortunate enough to be attending the High School; in fact it reports coming from the school are true it might just as well be in a glass case.

We believe that the public will realize that from time immemorial the children in this town and elsewhere have been giving their services for church concerts, school entertainments and other worthy organizations for the purpose of raising dollars, which dollars have been used to benefit the community and other worthy objects.
