

SUCCESS

It's doing your job the best you can.
And being just to your fellowman.
It's making money, but holding friends.
And staying true to your aims and ends.
It's figuring how and learning why.
And looking forward and thinking high.
And dreaming a little and doing much.
It's keeping always in closest touch.
With what is finest in word and deed.
It's being thorough, yet making speed.
It's daring blithely the field of chance.
While making labor a brave romance.
It's going onward despite defeat.
And fighting staunchly, but keeping sweet.
It's being clean and it's playing fair.
It's laughing lightly at Dame Despair.
It's looking up at the stars above.
And drinking deeply of life and love.
It's struggling on with the will to win.
But taking loss with a cheerful grin.
It's sharing sorrow, and work and mirth.
And making better this good old earth.
It's serving, striving through strain and stress,
It's doing your noblest—that's Success.

Clean Up and Paint Up

Honest now, what is it that you do, that gives you quite the satisfaction that a little cleaning-up and painting-up does?
It sure does beat the Dutch the way a little paint will make a thing "look like a million dollars."

There are many cases where \$100 spent in painting a house, has made it sell for \$500 more. So whether or not you want to sell your house, a coat of Lowe Brothers paint makes it look as if you "had money in the bank" as the old saying goes.
Drop in and let's talk it over.

CYLINDERS

Studebaker

The performance of the Studebaker Light-Six is smooth and instantly responsive to the touch of the throttle. Its powerful six-cylinder motor, with its overlapping power impulses, will pick up from a walking gait to top speed in a few seconds.
Vibration, so common to many cars, is practically eliminated in the Light-Six through machining the crankshaft and connecting-rods on all surfaces. In no other car in Canada selling for less than \$3000, are these engine parts completely machined.
The Light-Six is a proven product of a 71-year-old concern. One hundred thousand Light-Six owners vouch for its dependability and complete satisfaction. Twenty-seven world-wide tests, in which an average of 26.9 miles to the gallon of gasoline was established, offer conclusive proof of its economy.
