Obituary

EDWARD L. GREENSWOOD
 At the end of a long and useful life, Edward L. Greenwood, of Northwold, entered into the Eternal Rest on Sunday afternoon last, at the sudden call of the Master he had served so faithfully. Mr. Greenwood had passed his 67th birthday on Monday, May 28th, at his home in Northwold, and had gone outdoors and entered the car of a relative who had suggested a little ride. While laughing and chatting with his family he quietly passed away, and was carried to his home in Northwold, where he lay for a few moments before. Born 80 years ago on lot 11 on the 6th line west, the son of Mr. and Mrs. Timothy Greenwood, who came from the Old Land to here, in 1825, the widower of Mrs. Greenwood had passed every trial and test of courage required of Canada's earliest children. He was a Fenian rabid veteran. After his marriage to Isabella Orr he bought the farm on Northwold Station, where he spent his remaining years. During his entire life he was connected with the Methodist church and for many years was one of its stewards. He was a man of the highest moral integrity and possessed the respect and esteem of the entire community. The congregation of the church laid upon his casket a beautiful wreath in the form of the Conservative political party which would seem a great harvest on the 25th of the month when Premier Drury, by his past performance, seemed appointed to go back to the farm. He would be pleased to be with an exhibit of the scolded dogs of the Conservative party. The Premier had submitted his record and it was right he should do so. While he would mention a few of the more pleasing features he would say no bitterness as the situation is too serious but waste and extravagance must be denounced in 1919 the cost of the government to the Province was nineteen million dollars which was a record. He would not mention a few of the more pleasing features he would say no bitterness as the situation is too serious but waste and extravagance must be denounced in 1919 the cost of the government to the Province was nineteen million dollars which was a record. FRANCIS E. COLE
 After an illness of some months' duration, Francis E. Cole passed away at his home in Georgetown on Wednesday last, May 30th, in his 52nd year. He was the youngest son of the late Mr. and Mrs. Henry Cole and was born on the homestead near Ballinacraig. He came to Georgetown 18 years ago and has since resided here. He was one of our best citizens, esteemed and respected by all who knew him. Besides his widow, who was formerly Miss Sawyer of Erin, he leaves one sister, Mrs. John Lindsay, Erin. Deceased was a member of the Methodist Church. The funeral took place on Friday afternoon when the remains were interred in Greenwood Cemetery, the service being conducted by Rev. R. F. Cameron. The pallbearers were: John Lindsay, John McDonald, Robert Erwin, W. H. Kentner, M. Macaulay, C. D. Cole.

CATHARINE BROWN
 Mrs. Catharine Brown, widow of the late W. R. Brown, who died suddenly on June 1st in her 82nd year, was born in Toronto, but since early girlhood had resided in Georgetown where she was honored and esteemed by all who knew her. She was a very staunch Methodist and had always taken a very active part in all the various church activities. Her husband, who predeceased her some six years ago, he then being in his 82nd year, was a carriage builder for 30 years in Georgetown. Surviving the late Mrs. Brown are four sons: Charles of Georgetown, William of Windsor, Munson and George A. of Toronto. The funeral took place from her late residence in Georgetown at 3 p.m. on Monday, the service being conducted by Rev. J. H. Moore. The pall bearers were three sons and a half million and race track gamblers three millions. If Europe was disposed only as a show, these poor people were made to watch for it. Regarding race track, he would tax them more but not his about it.

Big Conservative Pic-Nic

Large Gathering Taken in Attendance by Hon. Arthur Meighen. Hon. Howard Ferguson, Hon. George Hillier, and Others

Notwithstanding the heavy rain and continued threatening showers there was a large gathering at the Conservative picnic held in the Park here on Monday afternoon. Hon. Arthur Meighen was met at the station on arrival of the 2 p.m. train by Mr. J. M. Skelton, president of the Georgetown Conservative Association, Dr. Anderson, M. P., Mr. George Hillier, the Conservative Candidate, Mr. L. E. Fleck, members of the local reception committee and Georgetown Citizens Band and escorted to the Park where Hon. Howard Ferguson, who had motored to town, joined the party.

After the National Anthem had been rendered by the band led by James McDowell, president of Halton County Conservative Association and chairman of the day, made a few appropriate remarks and called on those who were to address the gathering. Mr. J. M. Skelton, on behalf of the local Conservative Association, welcomed the gathering and expressed gratitude to the guests of the day who had responded to the invitation to be present. He said that the Conservative party and its interests were the interests of the country and that it was his duty to assist in bringing victory to Mr. Hillier, the candidate in Halton. While here to bow to the line the most kindly feeling prevailed in the house he had observed at the house of the Conservative candidate who was also Mayor of the town. Premier Drury had said he came to Halton four years ago as a stranger but today he appeared to be the close friend of his record. He should have come as a stranger again. In the previous election the Conservative party did not oppose Mr. Drury in Halton but now tries to discredit the action and hold them up to ridicule. He should broadcast our conviction and show Mr. Drury that he has no place in Halton. We are on the road to victory in Halton and the province.

Hon. Howard Ferguson appreciated the opportunity of again being in Georgetown to address the electors of Halton. The main message of his speech was that the Conservative party had made a great harvest on the 25th of the month when Premier Drury, by his past performance, seemed appointed to go back to the farm. He would be pleased to be with an exhibit of the scolded dogs of the Conservative party. The Premier had submitted his record and it was right he should do so. While he would mention a few of the more pleasing features he would say no bitterness as the situation is too serious but waste and extravagance must be denounced in 1919 the cost of the government to the Province was nineteen million dollars which was a record. He would not mention a few of the more pleasing features he would say no bitterness as the situation is too serious but waste and extravagance must be denounced in 1919 the cost of the government to the Province was nineteen million dollars which was a record.

The stupid mistakes of the Treasury department had cost the province over a million dollars. The Premier Commission had cost over half a million and the Public Service Commission of which W. D. Gregory was the head was costing the province a lot of money. Dr. Gregory was getting his reward for securing Mr. Drury a seat in Halton. Hon. Mr. Biggs had bought one hundred thousand dollars worth of motor cars from a friend who made a million dollars profit on the transaction. Another friend secured thirty thousand dollars more for some work. They then said they could have been secured for elsewhere, and yet Mr. Drury claims there is no more to be done. He will not cost you a dollar. Don't be deceived, it is coming out of your pocket if they have to give you an anesthetic to get it. Philop's new ways of taxation have been put in force. The Premier Commission had cost the government one and a half million and race track gamblers three millions. If Europe was disposed only as a show, these poor people were made to watch for it. Regarding race track, he would tax them more but not his about it.

The Premier, and Mr. Bessey were trying to get some money in the election and it was said that he was the commissioner and chief of the horse interests and behind all which went wrong. Premier Sir Wm. Howard was the son of a

Minister that ever kept faith with the people on the temperance question and Mr. Drury was one that told the government to enact that law and then put the hands into the government, that gave what he and others asked for.

The Conservative Party has steadily pursued a consistent course on the temperance question. Mr. Ferguson emphasized that he had contributed more to the cause of temperance than any other party ever did. The people of Ontario by their votes pronounced for prohibition. Prohibition must prevail and he observed that the support of their votes pronounced for prohibition.

We say the law can be administered to suit public opinion. I believe in the Haines method. His was the plan that was continued in 1912. There was a constant education of public opinion along narrow lines that enlisted and brought support to the law. It was not thought that these days to debauch young boys with whiskey to entrap offenders and secure convictions. There were no women of questionable repute engaged at the public expense to help improve the morals of the province. These things, coupled with the employment of law breakers of the lowest type to enforce this moral law have debauched the dignity and majesty of the law and created a deep sense of contempt for the law.

We will enforce the law in the best interests of all concerned and if elections are not held with this understanding I am content to go back to private life. If we are to get back to sane government select men with the best interests of the province at heart. See that one party or the other get into power and let us have the best of being standard bearers for the party in Halton. The able address of Hon. Mr. Ferguson has pretty thoroughly covered the ground re the administration of the Drury government and the best interests of the province. In speaking to the electors for their support I have no apologies to make as I was here, educated, married and have brought up a family. I sincerely hope that such reasons as "Hillier is associated with boot leggers and a very wet candidate" are not taken seriously, and I only say one to take the platform in my home town and make such changes as I have been 20 years in the town council and have served three years as Mayor. Would the town of Oakville stand for it if I had been associated with boot leggers? I have not a County Council with my opponent. Mr. Hillier and I stand on a level and I believe in a decent and intelligent representative. Mr. Drury from Simcoe was without a seat until his opponent from Halton without any opposition from the Conservative party but today there is serious objection to the man from Simcoe running in Halton. If Mr. Drury has any standing in his own constituency there in where he should run. Drury is a creature to the Oakville Toronto Standard and he thinks it will help in the election, but his attitude will not secure him one vote as it is considered a political dodge. In reference to the \$500,000 expense charged Mr. Gregory he said he was in his pocket, I asked Mr. Gregory one day if the report was true and he did not deny it. Our opponents have to win the election by blighting in the temperance question, by an open and honest vote and we will support their principles by voting for the Conservatives who gave them the only temperance legislation they ever had. Our party have shown by their action that they are true friends of temperance and an end to the O.T.A.

remains upon the statues it is the duty of any government in power to see that it is honestly and truly enforced.

Dr. Anderson M.P., spoke briefly before introducing Hon. Arthur Meighen and urged all to vote for the worthy and capable candidate upon Mr. Meighen the Dr. said: "I am proud to have the honor of introducing to this gathering today the greatest parliamentarian Canada has ever produced."

Hon. Arthur Meighen thanked all for their cordial reception. He had come from the Federal arena and was not here to instruct in Provincial affairs. The party was a unit throughout the Province and he would adhere to their cordial reception. He had come from the Federal arena and was not here to instruct in Provincial affairs. The following resolution was moved by Henry Corke seconded by Wm. Cleave: "We, the Conservative people of the County of Halton, put ourselves on record as having complete confidence in the Honorable G. Howard Ferguson as the leader of the Conservative party in the Province of Ontario, thereby expressing our firm belief that he will be returned to power with a substantial majority over all other parties, and that he will carry out that wise statesmanship and reasonable policy he has so clearly outlined throughout the Province. And that we also go on record as expressing our unbounded confidence in the Right Honorable Arthur Meighen as leader of the Conservative Party in the Dominion, our pride in his great intellectual abilities, his unswerving loyalty to the Crown, the Dominion and his friends which we, as such, most heartily reciprocate, and that for the greatest happiness of the greatest number, he may be, in no long time, again the Premier of the Dominion of Canada.—Carried unanimously." The motions by the band during the afternoon were much appreciated.
