Pay Off the Mortgage"

With the increased cost of pro-duction, the higher standards of

living now prevailing cannot be maintained by poor farm manage-ment, "boarder" milkers, scrup

beeves, poor quality hogs or son-profitable hens.

That even under present condi-tions profits may be made is testi-fied by many skilful, observant and

non-plunging farmers, who believe more in the policy of "slow but sure" and "pay as you go" rather than speed, with excessive bor-rowing and the often consequent

The results on our Experimental

Parms also bear testimony to the value of thorough, skilful work.

The Farmer Must

Manufacture

The farmer must change his crope into less bulky and more high-priced products—milk, park, beet,

mutton, poultry, etc.

With fair yielding cows dalrying shows good profits in Canada. The average cow has increased her yield 25% in the last ten years.

She can quite readily go up another 25% and more, and there's where the profit lies. Better feed-

ing, better selection and better breeding will do the job-feed, weed, breed,

To do better feeding mount

To do better feeding means better pastures and more generous supplies of palatable roughter. Short rotations including clover and ensilage crops (com, sunfaces, pea and out, etc.) will provide feed in abundance for both summer and winter. The experiments and investigations which the Dominion Department of Agriculture have earried on prove that farming scientifically and systematically undertaken will pay profits. The records and particulars of such work in every province are available to the Canadian farmer.

Are you growing pictic, or producting and or interested in fruit? We can give you information that will habywee. Do you broad live study? Are you interested in pastry or boat? Ask us for information, We have some that will help you.

We have published and have for free distribution 200 different reports, bulleting and circulars dealing with matters of interest to you. Ant for what you want, or for a first of our publications.

We shall have something more to say later. Meantime write the

Fatal Accident

Walter Lawson Sr., Almost Instant-. ly Etilod and Walter Lawson Jr., Seriosely Injured

On Monday evening while re turning from the farm on the 7th lipe, Walter Lawson Sr., of Stew arttown was almost instantly killed and his son Walter, seriously injured when the east bound O.N. R. passenger train due at George town at 6.8% crashed into the car in which they were driving at the 7th line prossing about one mile west of here. The cow-catcher struck the front of the car and catching it by the wheels carried it with the occupants for a dis tance of 80 ft. hurling it over the steep embankment. Mr. Lawson Sr. was thrown a great distance and rendered unconscious by the

impact. The son who was carried down the embankment with the car managed to get up and shout for assistance. The train stopped and both men were taken on board. Mr. Law son Sr. was found to be still alive and his son was taken off the his home in Stewartlown. father was being rushed to hospital in Toronto when he died before the train reached Norval. A doctor who happened to be among the passengers did all he could to save the man's life.
