

## A CHILD'S LAUGHTER

All the bells of heaven may ring,  
All the birds of heaven may sing,  
All the wells of earth may spring,  
All the winds on earth may bring.  
  
All sweet sounds together;  
Sweetest far and all things heard,  
Hand of harper, tone of bird,  
Sound of woods at sun-down stirred  
Wailing water's winsome word,  
Wind in wane was weather.  
  
One thing yet there is, that none  
Hearing ere its chime, be done  
Knows not well the sweetest one  
Heard of man beneath the sun,  
Hoped in heaven here afier:  
Soft and strong and loud and light,  
Very sound of very light,  
Heard from morning's rosy height,  
When the soul of all delight  
Fills a child's clear laughter.  
  
The shells of welcome rolled  
forth such notes, nor  
So blithe in tones so bold  
A radiant mouth of gold  
That rings forth heaven,  
Golden cretan worn  
Sighingaled why then  
Hearing seen and heard of  
man  
Might be half as sweet as when  
Laughs a child of seven.

Another striking victory for Dresco, the famous herbal remedy—One bottle effects marked improvement in condition of Mrs. Wm. Bonney.

Mr. William Bonney, of Aldershot, P. O. Hamilton, Ont., was greatly worried over the condition of his wife, who had suffered for years with stomach, kidney and liver ailments. These organs simply would not do their work properly, resulting in many distressing and weakening symptoms. How could these symptoms yield to the corrective influence of Dresco as typified in the case of Mrs. Bonney.

"For years my wife has suffered from stomach, kidney and liver trouble," declares Mr. Bonney. "She was very incapacitated, and had rheumatism in joints and muscles. She had a hard time of it and found it impossible to get a good night's sleep. Everything she ate would sour in her stomach, causing gas. She had pains across back from her kidneys to her chest and she would get stiff with rheumatism. She had a yellow complexion and at times would get dizzy spells."

She tried almost everything, but nothing seemed to help and she continually became weaker, until she heard about Dresco and decided to try it. She had just given birth to a baby and was surprised how different she looks. It is doing wonders for good for her and she is much stronger.

What we mean by system gets out of order. It means that food values are not properly retained and distributed to nourish the system, nor what we eat out of it. Such condition is rapidly undermining the strongest constitution.

Let the corrective properties of Dresco, compounded from Nature's own medicinal herbs, act upon the organs to their proper functions. The end of a rigorous winter finds thousands in need of a tonic and restorative. That need is met perfectly by Dresco.

Dresco is mercury, poison, task or habit forming drug.

Dresco is being specially introduced

in Georgetown by W. R. Watson,

and is sold by a good druggist everywhere.

THREE were 1021 forest fires reported in Ontario last season. The vigilance of the fire rangers kept 53 per cent. of these down to a size not exceeding five acres. But yet the total area burned was over 346,000 acres—equal to a strip of forest one mile wide from Toronto to Goderich.

Of the total number, only 52 were lightning fires. In other words, out of every 100 fires, 59 fires were due to man's carelessness and were preventable.

Accordingly, the problem of forest protection in Ontario calls for the co-operation of the whole citizenship of the Province. If reasonable care be exercised by everyone in the woods to prevent the start of fire, our forests will be safe. Railway officials, campers, prospectors, lumber firms, settlers, construction firms—all can help by being careful of fire in the woods, and by joining hands with the press, the leaders of public opinion, and the business men of Ontario, in prompting educational propaganda to reduce forest fires.

**Reflecting the Spirit of the Great Out-of-Doors**

WHAT man or woman who loves the great out-of-doors does not thrill when spinning along the road in a McLaughlin-Buick? For it is something more than merely a wonderfully fine automobile. Unconsciously, it is thought of as a cherished outing companion, responsive both to mood and occasion.

Nor are its distinctive appearance, dashing beauty and spirited performance the sole reasons for the owner's pleasure. One would scarcely be human did one fail to take delight in the admiring glances which one's car attracts, whether in the down town district, fashionable street or at the country club.
