Successful Garden Party

The garden party held in the park on Friday evening last under the auspices of Verdun Rebekah Lodge was largely attended and a great success in every way. The program, which was thoroughly enjoyed by those present, was supplied by a company of first class artists under the personal direction of Miss Jessie C. MacGregor.

Successful Pupils

The following pupils of Miss E. May McMaster were successful in passing the Conservatory piano examinations held recently in Georgetown centre:—Miss Laura Miller, Georgetown, junior piano, (hon); Bertha Barnes, Norval, primary; Mary Wheeler, Glenwilliams and Harry Lawson, Esquesing, elementary piano; Eva Thompson, Glenwilliams, introductory piano, (hon).

Barn Destroyed by Fire

Fire of an unknown origin totally destroyed the barn of Mr. Joe Hunter, 10th line near Norval, on Saturday noon last. Mr. Hunter had been drawing in hay all morning and everything was alright when he left the barn to have his dinner. On coming out of the house after dinner he discovered the barn to be a mass of flames and nothing could be done to save the structure or contents. Mr. Hunter lost all this season's hay and about 400 bushels of oats together with implements, etc. The loss is estimated at about $8000, partly covered by insurance. Mr. Hunter, who has just recently started farming for himself, has the sympathy of the entire community in this serious loss.

Child Killed by Motor at Erin

Freddy Geary, 3½ year old, was killed on Thursday night, July 12, at Erin. The streets of the village were crowded in consequence of the Orange celebration there, and just as an automobile came along Freddie ran out into the road in front of the motor car. He was knocked down and run over by a rear wheel. The lad lived only a short time after the accident, having been internally injured. An inquest was held on Tuesday, July 17th, and after hearing the evidence the jury returned the verdict of not guilty, thus freeing the two young men of any blame in connection with the sad death of the unfortunate lad.

Travel by Boat

During these sweltering summer days transcontinental travellers are wise to break the long rail journey and make part of the trip across Canada by water, cruising the Great Lakes on one of the palatial steamers of the Northern Navagation Company's fleet. Little time is lost on these fast steamers and the cool lake breezes, the change of scene and the gay social life aboard amply repay the passenger for the small cost over all rail travel. There are dances almost every evening, concerts, singsongs and promenades on deck, and the entire cruise seems like a little holiday on the side. Ask any agent of Canadian National Railways or the Northern Navigation Company for descriptive booklet, "Great Lake Cruises."

Eggs Must be Graded

"Mr. Consumer" is again to receive consideration at the hands of the Dominion Government. He is to be sure that the "fresh" eggs he buys are fresh, even though the grocer says they are. On Monday last the new legislation providing that eggs be bought from the producers according to grade and that they also be sold to the consumer according to grade became effective. Parliament has decreed that grading shall be universally observed in Canada and no exceptions to the rule will be made. So the commission merchants, though they bought ungraded eggs, will now have to sell graded eggs.

—Our windows speak for themselves. They are full of real shoe bargains. Not the old, out of date styles but this season's new est styles marked at such low prices that they will make a thin pocketbook look fat.—H. J. Fox, Georgetown.

Chautauqua

Chautauqua has the appearance of being better this year than ever. The programme is certainly an attractive one. It contains orchestral music, song, drama, light opera, impersonation and lectures, something to suit every taste.

The total price of the individual entertainments is seven dollars and a half, and all of them are included in the season ticket for $8.50 plus tax.

A special feature of Chautauqua this year will be the morning entertainments for children—a ventriloquist, characters from story books, Duval the magician. Many grown-ups will enjoy these entertainments almost as much as the children.

To Investigate Storm's Damages

Hon. Manning Doherty, Minister of Agriculture, has issued instructions to agricultural representatives in Wellington, Waterloo and Halton counties to make a complete survey of the damage done by the great wind and rain storm which swept through this part of Ontario on June 25. These representatives were to obtain figures on farmers' losses, and advise as to the necessity for assistance. The information is to be available so that Mr. Doherty can lay it before Cabinet Council today. This decision was arrived at last Friday following an interview with Mr. Doherty and Attorney-General Raney by Lincoln Goldie, M.P.P. elect, South Wellington, and his defeated U.F.O. rival, T. J. Mahon. In the event of the Cabinet feeling that the outgoing Government should not take up the matter of assistance, Mr. Doherty believes he can gather information and leave a strong recommendation for action for the perusal of the incoming Government.
