A BETTER COUNTRY

By faith the goodly land I see
Which Christ has for His saints prepared;
A home, a glorious home for me,
If faithful to His blessed word.

A land where sickness is unknown
A land where trouble ne'er can come;
Death and the grave are overthrown,
No graves are there—no dismal tomb.

No fierce temptations there assail,
No persecutions there annoy,
For naught can ever there prevail
To mar its happiness and joy.

The wrongs of earth no more are known,
The ills of life forever past,
There love and happiness alone
Can dwell and shall forever last.

Why murmur at the ills of life?
How trifling are the wrongs of earth,
How short the conflicts and the strife,
The things of time how little worth.

How vain are all things here below—
Riches or honor, rank or fame,
Soon we must leave them all, and go
As empty as to earth we came.

But faith behold beyond the tomb
"A Better Country," bright and fair,
Thither I hope by grace to come
For my affections now are there.

Notes and Comments

THE POST OFFICE C.O.D. for parcel post has now been in operation a year and it is interesting to note how successful a venture it has proved and how much it has been appreciated by the business public. The number of C.O.D. articles mailed has increased from 14,000 in October 1922,—the first month the system was in operation—to 45,000 last month, the month that completed its first year. The increase has been gradual and shows that the service is becoming popular. The total number for the twelve months in question is approximately 350,000. The C.O.D. service has proved to be of particular advantage to firms who do not issue catalogues, and whose prices are not known to the buyer, and in cases where the buyer is not known to the dealer. It protects both the buyer and the seller, eliminates the carrying of small charge accounts, makes refunds and adjustments unnecessary, and speeds up the whole transaction.

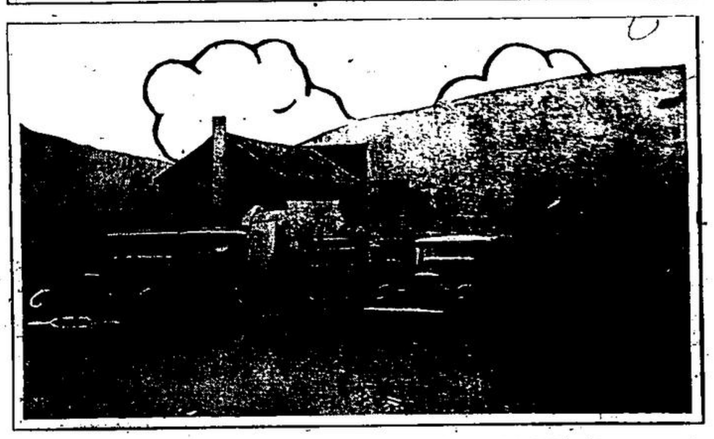
DOMINION OF CANADA
VICTORY LOAN BONDS
MATURING 1st NOVEMBER, 1923

THE BANK OF MONTREAL, under authority of the Minister of Finance, is prepared to redeem the above bonds in full at maturity, without charge, at any of its Branches in Canada.

For the convenience of owners of the bonds, the Bank of Montreal will accept the bonds at any time prior to November 1st, and will make payment in each case on November 1st, either by issuing a cheque or by placing the amount to the owner's credit in the books of the Bank, as the owner may desire.

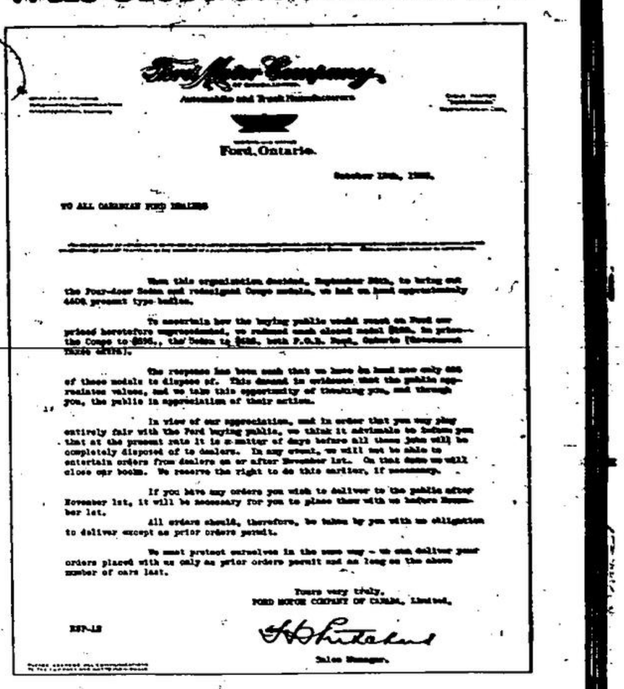
Last Symbol of Frontier Passes Into History



The old-time stagecoaches, used for years over the historic Cariboo Trail in British Columbia, were recently replaced by Studebaker cars. These cars now make the 220-mile trip north, from Ashcroft to Quesnel, in about a quarter of the time required by the horse-drawn coaches, and the fare is only one-fourth of what it was when the passengers depended upon old Dobbin.

Ford

Order Books for Present Model Ford Closed Cars Will Close November 1st



Ford Motor Company
Automobile and Truck Manufacturers
Ford, Ontario.
October 19th, 1923.
TO ALL CANADIAN FORD DEALERS

When this organization doubled, September 30th, to bring out the Four-door Sedan and redesigned Coupe models, we had on hand approximately 4400 present type bodies.

To ascertain how the buying public would react on Ford enclosed car equipment, we authorized such closed models to be produced. In price the Coupe to $695., the Sedan to $745., both F.O.B. Dept., Ontario [illegible]

The response has been such that we have on hand now only 600 of these models to dispose of. This demand is evidence that the public appreciates values, and we take this opportunity of thanking you, and through you, the public is appreciative of their action.

In view of our appreciation, and in order that you may play entirely fair with the Ford buying public, we think it advisable to inform you that at the present rate it is a matter of days before all these jobs will be completely disposed of to dealers. In any event, we will not be able to entertain orders from dealers on or after December 1st. On that date we will close our books. We reserve the right to do this earlier, if necessary.

If you have any orders you wish to deliver to the public after November 1st, it will be necessary for you to place them with us before November 1st.

All orders should, therefore, be taken by you with no obligation to deliver except as prior orders permit.

We must protect ourselves in the same way - we can deliver your orders placed with us only as prior orders permit and as long as the above number of cars last.

Yours very truly,
FORD MOTOR COMPANY OF CANADA, Limited,
H. Whitelaw
Sales Manager.

The information in this letter should be known to every prospective Ford buyer. It opens up an opportunity for the family without a closed car to get one at prices which will probably not be as low again.

This is an opportunity for the man with a large car to relieve the larger car and decrease its depreciation, especially during the coming winter months.

H. A. COXE
Acton

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONTARIO

Noticed Change In Wife

Mrs. Johnson Was in Badly Run-Down Condition—Two Bottles of Dreco Have Produced a Big Change, Says Mr. Johnson.

There is nothing more debilitating to the whole system than faulty action of the digestive organs—a lazy stomach, or sluggish liver may cause years of endless misery. Such was the case with Mrs. Johnson, of 13 Smith avenue, Hamilton, Ont., until she heard about Dreco and decided to try its effects on her long standing ailments. The result was typical of this splendid herbal remedy, as Mr. Johnston will tell you.

"My wife suffered stomach and liver trouble. Things she ate would not agree with her and would sour in her stomach, causing much distress after meals, in belching and bloating. In fact, she hardly knew what it was to eat a good meal without suffering afterwards. She was bilious, spots floated before her eyes and at time she had terrible dizzy spells, especially when stooping over. She always had to be taking something for her bowels. We tried almost everything without result, until we heard of Dreco. She has taken only two bottles and feels much better. I can see a big change in her. Her bowels are regular, she eats better and is growing stronger. We praise Dreco highly."

The symptoms from which Mrs. Johnson suffered are common to men and women of all ages, and in every station of life. They come term the gasses and poisonous acids that poorly functioning organs throw off until restored to their proper action by Dreco. This wonderful health builder tones and regulates these organs as Nature intended. It contains corrective juices of Nature's own herbs, roots, bark and leaves, compounded with scientific exactness. If your digestive system is right, Dreco will keep it right. If it is ailing, Dreco will quickly restore it. Dreco contains no mercury, opium or habit-forming drugs.

Dreco is being specially introduced in Georgetown by W. R. Watson, and is sold by a good druggist everywhere.
