### What the Chief Constable

of the Toronto Police Department says

about McLaughlin-Buick Four Wheel

Brake.

### Police Department

Toronto, Canada, Oct. 11th, 1923

The Manager

McLaughlin-Buick Motor Car Co.,

138 Church Street, Toronto.

My Dear Sir—

Recently I had the privilege of driving one of the new McLaughlin-Buick 1924 Sedans with the four wheel brake equipment. I drove the car one full day on Country and City streets, the roads and pavements being dry on that day. I encountered many bad hills, including the one at Greenwood, Ont., which was taken with ease without changing of gear, the car containing six passengers.

I found that the four wheel braking system stopped the car quickly when descending. Later I tested the brake system thoroughly on various wet, slippery pavements, some portions of the streets being littered with refuse as a result of horses being driven over them, which is more dangerous than a clean wet pavement, and found that the four wheel brake equipment, as perfected on the McLaughlin-Buick makes for greater safety when driving at all speeds, especially in crowded traffic.

As the brake lining is distributed over four wheels instead of two, the wear should be reduced to a minimum. In my opinion the four wheel brake arrangement is one of the greatest advances in motor car development in recent years, and if generally adopted would, I hope, be a factor in reducing the number of traffic accidents.

I congratulate the McLaughlin-Buick Company on being a pioneer in this connection.

Yours sincerely,

S. J. DICKSON,

Chief Constable.

## Thanksgiving

Another Thanksgiving Day and another Armistice Day will soon be here, to be observed jointly, and it were well that we do not lose sight of a duty we owe with regard to many things extended. There will be plenty of opportunity to express ourselves at the churches and it is to be hoped that we shall make special effort this year on the holiday to express our gratitude for a great many things.

The Thanksgiving of a nation is an act truly impressive in its significance. The more thoughtful leaders of our people will lay emphasis upon the material prosperity of the Dominion, then upon its tremendous social and moral opportunities. For bountiful crops and heavy exports, for high wages and increasing values, it is well to be thankful insofar as those things minister to the life of the spirit, the making of manhood, the enriching of the average experience. But for the enlargement of our ideals, the raising of the standard of public duty, the increasing care for the weak and immature, the recognizing of responsibilities higher than the mere piling up of individual fortunes and a government surplus—for these things we may well give thanks.

Only ten years have passed since the newspapers started the world with the news of a great war, and yet so poor is man's memory that in many homes to-day memories of the war and the great sacrifices it entailed are nearly dead. The result is that too often Armistice Day and Thanksgiving Day, as it has now become, is in danger of becoming far from the real thing it ought to be, either in the giving of thanks to a beneficent Father or in grateful remembrance to those who gave their all in the Great War.

We are not really lacking in appreciation, but we are prone to forget in this worldly, materialistic age, and so a little reminder now and again is necessary. Armistice Day and Thanksgiving Day are now merged into one and they can both be observed loyally and properly on Nov. 11 next. Let's see that they are, for there are few people on the face of the earth who have more reasons for the giving of thanks than we Canadians have.

### Glenwilliams

The Methodist church choir went to Horby to assist in the Methodist church anniversary last Sunday morning. After doing their part they were royally entertained to dinner. They take this opportunity of thanking those who so kindly assisted by lending their lot. Also Mrs. Leonard Marchmont and Mr. Bludd for their valuable assistance.

We are pleased to report that Miss Hazel Huntley, who was operated on last week, is up again and doing nicely.

The Glen extend their deepest sympathy to Mr. Harry Barratt in his recent bereavement.

Our bakers are now established in their new bakery and are running to full capacity.

The Orangemen's dance last Friday evening was a huge success there being the largest crowd that ever was at a dance here. Campbell's music, with J. Cain as floor manager, was all that could be desired. The whole affair was excellent. Large numbers were present from Toronto, Brampton and elsewhere.

The Mrs. Hinch will hold a dance and supper on Nov. 30th, Campbell's music.

Messrs. James, Will and Art Norton and Will Allen, Glen, Wm. Bennett and Wellington Whites of Georgetown left on Friday on a hunting trip to Ravensworth. Mr. Oscar McKinley leaves on Thursday.

Hallowe'en passed rather quietly in our village, only a few minor tricks being played by the youngsters.

Special Thanksgiving and memorial service will be held in the Methodist church here next Sunday at 7 p.m. Rev. Mr. Conroy of Louisville will be the speaker. Special invitation to all returned men and everyone.

Real estate has been booming in our village. George Allen purchased his father's home, Wilson Heaton the Bates home, Mr. Barlow bought Brocklebank's home and Mr. Sharp the old Blackstock home from Mr. Wheeler.

The services on Sunday next at St. Albans will be Holy Communion at 9.30 a.m. and Evensong at 8 p.m.

### OUR FALLEN HEROES

Shall we not pay tributes to the memory of the fallen heroes, in holding more sacred the institutions and liberties for which they fought, suffered and died.

There is just one gift that all our dead desire,  
One gift that men can give, and that's a dream:  
Unless we, too, can burn with that same fire  
Of sacrifice: die to the things that seem:  
Die to the little hatreds; die to greed;  
Die to the old ignoble selves we knew;  
Die to the base contempt of sect and creed;  
And rise again, like these, with souls as true

Nay, since they died before their task was finished:  
Attempt new lights, bring even their dreams to birth:  
Build on that better world. O, not diminished  
By one life splendid that they planned on earth,  
And that's not done by sword, nor tongue, nor pen—  
There's but one way. God make us better men.

### Notes and Comments

THE SECRET OF HAPPINESS is to be an optimist. Live in the present. You cannot get away from 'now.' Now has the possibilities of all good. Live one day at a time. Forget the past. The future will be all right when it comes. Be thankful for the smallest blessings, of which you are conscious. Live on the praise side of life. Thank God for life, for freedom, air, sunshine, for love and joy, and for rest at night. Open your heart to God, as the flowers lift their cups to the sunshine.

THREE WHEN 6,415 accidents in Ontario reported to the Workmen's Compensation Board during the month of October, being 684 more than for any prior month since the commencement of the act. Forty of the month's accidents were fatal. More accidents were reported during the first ten months of the present year than during the whole of last year, the total being, respectively, 61,025 and 59,411. The amount of benefits awarded during October was \$68,888.78, of which \$488,092.01 was compensation and \$67,546.72 medical aid.

AN EXCHANGE RATE.—Our minister ran over time at church today—five minutes. He preached twenty-eight minutes. That made an hour and five minutes service, which is, too much. So some people say, if our preacher does not watch out they will be handing him his hat and asking him what's his hurry. An hour and five minutes in church is an outrageous long time. I was wondering how these people stood it to sit three hours at the show the other night and two and a half hours at the movies, and I never heard of a dance one hour long or a sixty-minute card party. People seem to want to get their money's worth when they go to shows and things. Well, perhaps, that's why they want our hour at church that is all they're paid for. I never thought of that.

THE MAN OR WOMAN who possesses the virtue of tact has a gift of the utmost for it is something that the majority of people are sadly deficient in. There are few things which make things run smoother in the ordinary course of life than the ability to exercise tact. In the home life it is the lubrication which oils the wheels and keeps the machinery working harmoniously without strained or discordant notes. It is just as important in public life, and few people who have mixed in society to any extent but have had knowledge of the sad contretemps which too often arise from the person lacking the saving gift of tact. It is a great possession which those who wish to move along should endeavor to cultivate in every possible way and very fortunate indeed is the person who has a natural gift in that direction.

A DEPRECIATION of about thirty of the 116 Public School Inspectors of the Province waited on Premier Ferguson, Minister of Education, last week, asking for an increase in salary from \$3000 to \$4000. One of their spokesmen, Inspector Charles of York, said the Inspectors do not want to have too much of their time taken up making ends meet. They are not financiers and preferred to confine themselves to educational work. He argued that Inspectors at \$3000 are paid less than the principals of the Public Schools that they supervise. Besides routine work they have to pass upon school sites, plans and so on, and have to go through twelve years of training. Premier Ferguson promised that he would meet their views to some extent and added that in his mind the most important work of the inspectors is to develop in the student a love and appreciation of learning, thereby developing personality and individuality.

A. Chadwick, the burglar arrested at Milton last week has been sentenced to five years in Kingston.
