Arranging Comforts For Georgetown Home

Thirty ladies, members of the Women's Auxiliary of the Armenian Relief Association, Toronto, met on Monday of last week at Old St. Andrew's Memorial Home, 116 Jarvis street, to make arrangements incidental to the appearance of Santa Claus at the Armenian Boys' Home at Georgetown Christmas Eve.
As the result of what transpired the 50 boys at the home will receive gifts both useful and frivolous—possibly a pair of mittens, a locket, or something equally warm, on the one score, and a mechanical toy, or something more edible, on the other.
Other subjects dealt with at the meeting were the providing of personal comforts for the boys and the furnishing of new buildings, which are now nearly completed. The auxiliary will supervise the purchasing of furnishings for a staff house, to be used by the housekeeper, nurse, and others of the staff, and for a four-room hospital.
Miss Kathleen Cowan, convener of the House Committee, reported that she and her associates had found the boys were being well looked after. They had recently visited the home and were surprised at the progress with the boys had made in learning English. None of them are more than 12 years old; they have been in Canada little more than four months, yet they are all able to write their names in English, to read simple stories, and to understand almost all that is said to them.
A. D. Parker of the Executive of the Armenian Relief Association spoke of the progress which had been made in improving the equipment at the home. The new hospital would have a capacity of 16 beds, although it was hoped that that number would never be required. Mr. Parker thanked the ladies for their assistance in looking after the welfare of the orphan and stated that the general association would cooperate with the Women's Auxiliary to the utmost of its ability. He suggested that, besides clothing, such articles as handkerchiefs, tooth brushes, combs, etc., should be provided for.
Toronto, Nov. 11.

Thrilling and True

One of the most thrilling and instructive stories written in recent years is contained in the Official Report of Captain S. Robinson, R.N.R., commander of the Canadian Pacific S.S. "Empress of Australia," on the Japanese earthquake, the first and only one of which operations issued in booklet form by the Canadian Pacific Steamship Ltd.
In the vernacular of the bridge, Captain Robinson relates the incidents of the disaster as they were brought to his notice, from noon of Saturday, September 1st, when, as his ship was preparing to leave the dock at Yokohama, the first earthquake took place, until September 13th, when, after an countering innumerable difficulties—a fouled propeller, a sea of burning oil—and serving as a hospital and relief ship for the earthquake sufferers, the "Australia" left the port of Orient for Vancouver.
Stories of Captain Robinson's heroism, outstanding seamanship with which he upheld the traditions of the Royal Navy Reserve, and consideration for those suffering ones at great personal cost and effort, have been accorded a little of the publicity which is their due, but the Captain's report is modest in the extreme, and although one can glean from it some of the great problems which presented themselves to him, the "hero of the disaster" reports only the good words executed by those identified with relief work. It is therefore fitting that the Company should include in the booklet letters addressed to the Captain by the refugees, passengers on the ship and the American Relief Committee in recognition and appreciation of his skillful handling of the many critical situations which presented themselves.
The report is an historical document, recording the greatest natural disaster known to man, and certainly no library will be complete without a copy of the booklet which can be obtained without charge from the Canadian Pacific Offices at Montreal.
Erin
Mr. and Mrs. Alexander Binnie, 7th line, entertained a number of neighbors and friends on Friday evening and dance on Friday evening of last week. A very pleasant time was spent by all.
Mr. Clayton Rodgers of the 10th line, Erin, happened with a bad accident while driving a tank of water on Wednesday evening. The front axle of the wagon broke, pitching him off with a few bruises where it might have been a very serious one.
On Thursday afternoon last, the football team of the Georgetown High School motored to Erin to play a friendly game with the local High School team. The game, however, did not materialize, for the Georgetown boys encountered motor trouble and it was dark before they arrived here. The local boys had prepared lunch and a social time was spent at the school, after which the boys returned home.—Advocate.
To keep the neighbors from worrying, it has been suggested that the words "Paid for" be painted on the spare tires of all motor cars not mortgaged.

Notes and Comments

THE FIRST WINTER experienced by the "Pilgrim Fathers" to the New World was a severe one for which they were not prepared. Before it passed they had half their numbers. The following summer was pleasant, and their crops of corn grew well and matured to a good harvest in the fall. When the harvest was gathered in, the Governor of the Colony decreed a special Thanksgiving Day—the first on this Continent.
PAY CASH is one of the best of slogans for a household. One of the best agents for filling the proverbial charge-account. Paying cash puts a constant check on buying while a charge account encourages reckless purchases. It's so easy to buy and "have it charged" but when the day of reckoning comes it is not so easy to settle the bill, and many a conscientious merchant is accused of adding to the bill simply because the customer cannot realize all his moments of past foolishness.
A PROMISE IS A DEBT. It is a debt of honor. Don't forget that. A promise should be just as sacred as your oath. Your good faith or your lack of it is a part of your character. You can't change that. What you promise should be backed up with your last coin, if necessary, unless you can honestly break your promise with the consent of the other party. The man of sterling character does not make promises lightly, because to him a promise is as binding as an oath. When he makes a promise he will keep it, no matter what it costs him.
GOOD NEWS for Canadian fruit growers comes from England. The Canadian McIntosh Red apple is the champion dessert apple in the British Empire, so the judges at the Imperial Fruit Show, held in Manchester, adjudged, so the Manchester Exhibition is concerned, at any rate. They also decided that Cox's orange pippins from British Columbia, on the whole, are the best of the 15 exhibits from overseas and winners of the fore of the Daily Mail's 50 guineas cup. The various exhibits at the show were a picturesque revelation of what the great orchards of the dominions can produce in the way of apples by expert culture.

STICK TO THE PEOPLE

who inspire you with self-confidence. That does not mean the flatterer, of course, for flattery, while it may be responsible for success at some points, does not give birth to anything strong and wholesome. But there are people who, while they do not flatter you, believe in you and make you believe in yourself. There is something in their attitude which is a challenge to you to develop powers hitherto neglected, to attempt feats that up to this time have seemed beyond you, to be worthy of a confidence whose inspiration you feel, even if it is not put into words. If few friends who have this effect upon you, stick to them.

IT IS TRUE we are living in a different age; the age when efficiency seems too often to be cleverness; the age of jax and pop of slang and irreverence; the age of the cat's whiskers, and the snake's hips, and other ridiculous comparisons that denote lack of cultured upbringing; the age when the dance and the bridge party come first, and the church, the Sabbath school, the young people's society or anything that interferes with selfish pleasure and leans towards the serious side of life, too often comes second; the age when parental advice and counsel is looked upon as old-fashioned, and when quiet, modest people are ridiculed as "dead ones" and "dumbbells." On the other hand we are living in the age of the closed bar room, the age of the Boy Scouts, of the Girl Guides, of Rotary Clubs and Kiwanis Clubs, of National Women's Councils and Victorian Orders of Nurses and other organizations whose ideals are lofty and noble and whose aims are largely based upon service.

Pity the Baseballer
Next year is leap year. We pity the poor, shy baseballer—are they so shy—who may have to buy either a diamond or a silk dress. It is not safe for us to give advice on the course to take but there is only one, in which you may keep out of difficulties. There are one or two popular Georgetown baseballers that should beware!

Halt on Debentures
Last week the Champion reported the receipt from the auditor of the Department of Highways of a detailed statement of the expenditure on provincial highways in Hallow in 1922 and the amount claimed from the county as its share. This reduced the amount of the claim from \$98,998.57, the figures given in a lump sum in July, to \$78,448.97. The reduction brought about the repeal of By-law No. 504, passed on Oct. 2 for the issue of debentures in the amount of \$50,000 and the passing of a new by-law for \$78,000 at the meeting of the county council held on Tuesday. Fortunately the debentures under By-law No. 504 had not been put on the market.
