1924

A friend came to my portal,
A friend all new, untried—
Stayed not for invitation,
But came in to abide:
Though very young and gentle,
And oh! so fair to see
I wonder what he bringeth,
This little friend, to me.

It may be opportunity
Of service for my own,
The people of the homestead,
Or dear ones I have known:
With this comes special guerdon
A blessing, silver bright—
Which lightens tasks of day-time
And soothes my rest at night.

It may be days of leisure
My new friend brings to me,
When others do the doing,
And I must quiet be:
I'd rather much be busy—
So tired if need be:
Than stay, with hands inactive,
While others care for me.

Perchance I'll cross the threshold
Of home, and sail afar,
Because this true friend gives me
A glimpse of things that are—
A new and thrilling vision
Of a need that calls us on:
One may not rest in Zion
'Till the Master's work is done.

My friend is but a messenger
Who comes from heaven above,
And every gift he bringeth
Is swathed about with love:
Each brier hath *its* blossom,
Each trial its reward,
Since "All things work together
To those that love the Lord."

Correspondence

Editor Herald:

In my last letter I gave you an account of the Georgetown and Esquesing Sunday School Association, its formation and its closing. There was also Sunday School work done by the Anglicans, Roman Catholics and others, so you see it is no wonder that a good lot of boys and girls were turned out and the better fitted for the temptations that lay before them (even in those days). I will now submit for your approval another phase of life in the early days.

This fine old English game of cricket was played in Georgetown ten years before the following games were played. The most of the players were playing then and I can remember some of those who played in 1869, Dan Watson, Alf. Watson, W. G. McKay, Tom Costigan, Jas. Higgins, R. Forsythe, J. A. Tracy and W. W. Roe. Lacrosse was the first game played after cricket. I think the first real exhibition of this was played in the new park in 1889 when a team of Indians played our boys. From that time on our boys went on from one success to another until they landed the Provincial Championship two years in succession: yourself and a number of that team are still to the fore and it is one of the events in the history of this town of "good sport."

Motor Vehicles

There are approximately 272,000 motor vehicles registered in Ontario. Preparations for the issuance of 1924 licenses, which will be black numbers on a yellow ground, the same size as the present series, are now being completed. It is expected that a smaller number of issuing officers will be designated in every political riding.

—The American wheat farmer was advised to raise something else and now he's raising h-ll.

—A Scotchman enquired at a local bank the other day if he would lose the interest on a dollar if he took it out of his saving account to-day and put it back to-morrow; and the banker thought he was joking.

Mr. and Mrs. J. R. Pickering and family of Stony Creek are spending their Christmas holidays with her father at the Manse here.

Quite a number gathered at the Methodist Church here on Sunday evening last to hear the radio sermon received by Mr. Earl Vannatter of Georgetown from a speaker in Toronto. It was very much enjoyed by all who heard it.

—Miss Bessie Binnie of Toronto is spending her Christmas holidays with her parents here.

—Mrs. Comfort Roszell of Georgetown is spending a few days with her friends here.
