**In Memoriam**  
FISH—In loving memory of my dear mother, Mrs. Emma, who died March 13th, 1923.  
Just gone from sight a little while  
Our loved one is in heaven.  
We praise him for his blessed rest,  
Beyond this world of weeping.  
We sweetly miss her presence here,  
Yet have sweet hope to see her  
In those in Christ and those with Him  
Will share a glad to-morrow.  
—Her daughter, Mrs. Cave.

**Norval**

Miss Yeomans of Toronto have a very interesting and instructive address at the Presbyterian Young Peoples' meeting on Monday evening.  
Hydro contracts are now being signed and a head-office man will address a public meeting in the Public School on Tuesday evening next.  
Quite a number of our young people went to the Glen on Monday evening to see the play "Dust of the Earth" put on by the Ashgrove Methodist League.  
(The Rev. Mr. Pritchard, M.A., is to speak on Church Union in the Presbyterian Church on Thursday evening of this week. A large turnout is expected as the interest in progressing with the submission of the Upland Bill to Parliament, and the Legislature.  
The foreman of the bridge builders here from Hamilton putting in the foundations for the concrete Rev. Mr. Douglas gave a very helpful message on the subject "What is Christianity as taught by St. Paul." He will give a second discourse on the same subject next Sunday.

**Terra Cotta**

Mr. J. Edge Sr. fell and broke his arm last week. She is now on the mend. Mr. J. Edge Sr. is on the sick list.  
Mr. M. E. Townsend of Toronto spent the week end with his parents here.  
Mr. J. Billingsley had the misfortune to fall off a load of wood and fracture his ribs.  
Mrs. Chas. McKown of Acton visited Terra Cotta friends last week.  
E. Logan expects to resume operations in his brick yard here this week.  
Miss Mary Lyons of Toronto Normal School spent the week end at her home here.  
Mr. F. Rogers expects to resume operations in his quarry here on the mountain shortly.  
Mr. J. G. Stringer, who has been spending a few days with Acton friends, has returned home.

—The Rosary, showing at Rex Theatre to-night, don't miss it.

**Glenwilliams**

The drama put on by the Methodist Epworth League of Ashgrove here on Monday evening was quite a success. The drama is an excellent one and each individual did their part exceedingly well. Although the night was stormy, the hall was well filled. After the play was finished the performers were entertained to a delightful lunch by the Glen choir at the home of Mr. and Mrs. J. Wheeler. Rev. Mr. Douglas was the chairman. The music by Miss Martha Marchmont through the acts was much appreciated.  
We have now a butcher shop in the Glen, in the old bake shop. We have needed one for some years. Let us patronize him, Mr. James Norton, Proprietor.  
The ice harvest is about over in this vicinity.  
The young people of the Glen Methodist Church will play on their play at Terra Cotta on Wednesday evening, entitled "The Minister's Bride."  
We understand the choir of St. Albans Church will soon be vested with new surplices.  
Our woolen industries report business rather quiet.  
The different varieties of birds in our village make it look more like spring, which we are longing for. The 24th tire is still blocked with snow and will soon be impassable, unless it is shoveled out. The special preacher at St. Albans church on Sunday afternoon will be the Rev. T. E. Chilcott, Rector of Ancaster.

**A Triumph of Mechanical Simplicity**  
The Ford is without superfluous parts yet has everything needed for efficient operation.  
Like all great engineering accomplishments, it has progressed through simplification—the reduction to fundamentals.  
This process of simplification has brought into being many of those distinctive features which are found exclusively in Ford cars. The Ford planetary transmission and three-pedal control are among those features.  
Experts agree that they are ideally suited to the small, light car.  
Another feature is the Ford magneto, so remarkable in principle and so successful in practice that a complete unit was recently presented—by request—to the Smithsonian Institution.  
There are many such features, but these are sufficient to indicate the sound foundation upon which engineers have pronounced the Ford to be a triumph of mechanical simplicity.
