For the first time in a number of years Halton county jail on Monday was without a prisoner, the last occupant of a cell in the institution, a Burlington young man, having served his three month term, and walked out a free man. This state of affairs is good evidence that crime is happily on the decrease in Halton County. Governor McGibbon and Turnkey Mayors can now leave all the jail doors wide open without the fear that any prisoners will escape.

Public Library Renovated
Many gratifying comments have been heard on the appearance of the Public Library since the recent renovations. The additional lighting is a much needed improvement and the general brightening up with the new oilcloth on the floor, the beautiful ferns in the window nooks, the comfortable reading tables and chairs, the real color interior and with the fine church windows, the tablet on the wall, combine to give an atmosphere that the library of many a larger town might boast.

How Old Are Your Eyes?

MANY persons imagine that a pair of glasses once fitted should last forever. This is a mistake. Eyes are subject to change, and to make sure you should form the habit of systematically visiting your Optometrist at least once a year to find out if your glasses should be changed. If your glasses are found to be alright after an examination your Optometrist will tell you so.
