**Regina-Campbell Wedding**  
A pretty wedding was solemnized at the home of Mr. and Mrs. W. J. Campbell, Queen St., on Wednesday, May 28th, at 4:30 p.m. when, in the presence of about fifty guests, their daughter, Lorna Campbell, the bride of Mr. David H. Rogers, son of Mr. and Mrs. T. A. Rogers of Streetsville. Rev. W. M. McKay conducted the ceremony under an arch of evergreens decorated with white bolls. The pretty girl bride was given away by her father and wore a gown of white cotton crepe trimmed with sequins. She carried a bouquet of Ophelia roses tied with chiffon streamers. The happy couple were unattended and were the recipients of many handsome and useful presents. Miss Mae McMaster played the wedding march. After the signing of the register the guests sat down to a dainty luncheon. The bridal party left amid showers of confetti and good wishes to spend their honeymoon motoring in Western Ontario. On their return they will reside near Streetsville.

#### Obituary

**MRS. SHORTELL**  
Death came suddenly to Mrs. Shortell, widow of the late H. Shortell, at her late residence "Bonnell Villa", Ballinacree, May 24th 1924. Mrs. Shortell was born on the fifth line in the county of Wellington, Township of Erin, on Feb. 27th 1848 and was a daughter of the late John Bennett. In 1866 she married Wm. H. Shortell and for 48 years was his helpmate in all the activities of life. She was greatly beloved and respected, a woman of sweet, gentle disposition, deep sympathy and earnest piety. She is remembered by many friends who shared her generous hospitality in her home. In the home she was a queen and her sons and daughters lavished on her a wealth of affection and care, beautiful to behold and that told of a motherly devotion being repaid in some measure by her children who called her blessed. The influence of her life and her blessed memory will long abide.

She did much for the welfare of the community and for the benefit of her church. In the hour of public worship she was always in her place, if at all possible. She is survived by her family of seven children, four sons and three daughters: J. Gavin, Riviere, Isaac, Barrie Alberta; Wm. B. eighth line Esquimaux; Robt. J. R. Winnipeg; Man. F. W. on Shortill homestead; Joanna at home; Mrs. Phares O. Vannaster, Athens, Ga. U.S.A.; Mrs. Albert Walters, New Orleans La. U.S.A.

The funeral service was held in Ballinacree Methodist church of which she had been a life long member. The church was far too small to hold the many friends who wished to show respect to a faithful friend.

Rev. N. Weddell of Ballinacree assisted the pastor, Rev. Mr. Evans of Erin. The floral tributes were: Richard and Harry Shortill, Robert and Isaac Bennett, Fred and Robert Shortill.

Friends came to attend the funeral from Orangeville, Toronto, Shelburne, Hornby, Lisgar, Acton, Grandvalley and Georgetown.

**Here and There**  
Shipments of grain from the Grande Prairie and Peace River districts of the Edmonton, Dunvegan and British Columbia Railway during the past season have totalled 2,473,000 bushels of wheat and 1,700,500 bushels of other grains.

The longest solid train of red cedar edge grain shingles ever hauled across the continent, Vancouver, B.C., recently for Chicago and the Eastern States. Several other long trains of this lumber will be shipped in the near future by the Hunting Merritt Lumber Company, by whom the consignment was forwarded.

A despatch recently sent from London states that Professor Carlyle, of the E. P. ranch, is sailing for Canada shortly, taking back with him a number of brood mares and other stock for the ranch. The price of Wales continues to advance the deepest interest in all the dealings of the ranch and keeps in close touch with things there.

Approximately the same acreage as produced the West bumper crop last year will be under cultivation in Canada during the year now in that over 14,000,000 acres of land will be ready for seed under generally favourable conditions. The estimated acreage to be seeded this year, by provinces, is as follows: Manitoba, 4,450,400; Saskatchewan, 3,254,100; Alberta, 3,472,215.

The value of boots and shoes exported from Canada during the year ended March, 1924, more than doubled the value of Canadian boots and shoes bought by other countries during the preceding year. Last year the exportations were valued at \$35,429,215, and for the preceding year at \$15,024,234. The United States was the chief buyer, taking 2,227 pairs, with Japan second, taking 1,028 pairs.

Concluding her round-the-world cruise, the postal Canadian Pacific steamship "Empress of Canada," docks at Vancouver on May 24th. Reports indicate that this four-months pleasure voyage under the genial care of Captain Robinson, of the Le Narvaez disaster, has been a splendid success, the passengers being loud in their declarations of satisfaction.

#### Presented President with Steel Spike

George Munro, pioneer track layer of the Canadian Pacific Railway, received birthday congratulations on May 31 from Mr. E. W. Beatty, during the latter's recent visit in Vancouver. This meeting between one of the oldest employees and the executive head of the line, who has marked the forty-ninth anniversary of the turning of the first sod on construction at Port William in 1875, an event at which George Munro was present.

Another interesting co-incidence in connection with the meeting is the fact that the S. S. Quebec, which carried the handful of construction men including Mr. Munro, from Sargis to Port William, in May 1875, was owned and operated by the Beatty Steamship Line, of which Mr. Beatty's father, the late Mr. Henry Beatty, was president.

In 1881 when construction was begun on the last lap of the company's lines between Yale, B. C. and the Coast, Mr. Munro's first party of track laying at Emery, B. C. and which the last and famous "gold spike" was driven at Craigellachie by Lord Strathcona in 1885 he took possession of the steel spike which replaced the gold one and after transferring it for the past 39 years to E. Beatty presented it to Mr. Beatty.

#### It costs less to paint than to repair

THE square foot cost of paint plus the cost of putting it on, is but a very small fraction of the square foot cost of lumber and the cost of repairs. In addition, paint improves the appearance and increases the value of your barn, as is not possible with repairs.

If you use Lowe Brothers' Standard Barn Paint, you will be assured of best results and economy. It is well known for its fineness—for its superior hiding properties—for its ease of application and its low cost per job.

It is made in the same factory and with the same care as the famous "High Standard" Liquid Paint, "Nepentite" Varnish, "Melotone" Flat Wall Paint, and Truck, Tractor and Wagon Paints.

### STABLE EQUIPMENT

### Rust-Defying—Because Hot Galvanized

There's one feature in particular you'll appreciate about Toronto Stable Equipment. This is the fact that the "hot" galvanizing method we use thoroughly covers and completely coats both the inside and outside of the steel tubing with pure zinc spelter. This method makes it absolutely rust-defying and proof against growing stable acids for the maximum period—while the method ordinarily used simply applies a surface coating and goes only a short distance inside tubing.

Toronto Stable Equipment will make work easier—keep cattle healthier—bring more profits. Let us explain the many advantages of Toronto Stalls, Bull Pens, Water Bowls and Little Carriers—get some of the Toronto literature.
