conditions. Campbell often has

pollination. Cross-pollination would

4. That the self-sterile varieties

Concord, Niagara, etc.) will set

(Barry, Lindley, etc.) pollinated by any one of the self-fertile. varieties

crops of marketable fruit, but that

for maximum crops certain self-fer-

ties than others. For Agawam and

Brighton, the Worden is the best pollenixer; for Massassolt and Wilder,

the Niagara is the best pollenizer; for Salem, the Concord; and for Herbert and Lindley, any of the

varieties, Concord, Worden, Niagara,

Replace Poor Borts With Good

In established vineyards where

there are large blocks of the selfsterile Rogers' varieties and conse-

quent poor crops, every third or fourth row should be removed and

replaced with Concord, Niagara or similar self-fertile varieties. Further information will gladly be given to those requesting same.—Hort. Exp. Station, Vineland Station.

Gradication of Bladder Campion or

Cow Bell

plowed deeply, and then thoroughly

a broad-shared cultivator in order to

break up and weaken the under-

ground rootstocks. This cultivation

should be given frequently enough

to prevent the plants making any

growth above ground until it is time

to put in a hoed crop, which must be kept thoroughly clean in order to

be effective. A well cared-for bood

necessary to plow fairly deeply and

vation until it is time to put in a

ary conditions. One spring's thor-

ough cultivation, followed by a well

cared-for hoed crop should destroy practically all the Bladder Campion.

-J. E. Howitt, O.A. College, Quelph.

They Appreciate Canadian Varieties

The Heart's Delight Farm at

Chazy, New York State, consisting of

sleven thousand acres, is one of the

most noted farms in America. It is

interesting to learn, when on a recent visit to this farm, that the hundreds

of acres of spring grains under culti-vation were, in all instances, varie-ties which had been originated in Canada; the oats and the barley at

Guelph, and the spring wheat at Ottawa. The O.A.C. No. 104 variety of

winter wheat, originated at Guelph more recently, was being tested out

"The Dunlop Trail"

Summer Resorts of Ontario in a Nutshell for the Motorist.

The whole story of Ontario is told in sequence. Ontario from Winnipeg to Cochrane, to Windsor, to Montreal-yet the book only comprises forty pages, and is pocket size. .

Not a reference page from cover to cover-in other words, you get the whole story of a district when you are at the two pages covering that particular district. No advertising of any kind-in "The Dunlop Trail."

All maps and illustrations specially drawn; all material specially compiled. Think of this feature: All your mileage figured out for you over the entire Province—the first time this has been attempted in the history of motoring.

In "The Dunlop Trail" you find every River and Lake trip in Ontario that has a schedule; also special Train trips; combination Auto, Boat and Train trips; the first complete list ever published of places in Ontario where Summer Hotels are located; every Golf Club and Camp Site in the Province, and real information, where you want it, about steamer and ferry services for taking autos aboard.

In order to keep the circulation of "The Dunlop Trail" in the proper channel a nominal price of fifty-cents has been put on it. Any Garage or Tire Dealer in Ontario will take your order for, 'The Dunlop Trail" or you can procure it direct from this Company at any of the Ontario Offices mentioned below.

CHEVROLET Challenges Comparison

A standard Chevrolet car is a fully equipped car-it is not necessary to spend a dollar more than the purchase price to make it complete. There are no extras to be bought.

Chevrolet economy is still further evidenced after its purchase. It costs least per mile in consumption of gas, oil and tires. It also costs least per year for maintenance.

The tremendous increases in sales: of Chevrolet are ample evidence that Chevrolet will "stand up" under hard usage and give real service.
