Obituary

CHRISTOPHER J. RUSSELL. Christopher J. Russoll of George town, Ontario, who departed this lite on Monday, Dec. 15, was born in Ecin in 1847 and was the son of Christopher J. Russell, M.D., who practised medicine for many years in Erip and surrounding country and died in 1867. His mother was Margaret Stewart Russell. daughter of John Stewart of the Scotch Block of Esquesing, who in charge of the community Christ-

came from Scotland in 1817. He married Isabella Henderson about 50 years ago, who survives him along with their two sons, C J. Russell of Georgetown and David A Russell on the old homestead

in Erin. He was a Presbyterian in relig ion and a Liberal in politica. He was much respected by all who knew him, and in his home life was a most loving and devoted husband and father. He was kind and obliging neighbor and as a citizen bis influence and his vote were given on the right side on al moral questions. One of the great hopes of his recent days was that he might live to see the consummation of the union of the Presbyterian, Methodist and Congregational

churches in June next. The funeral services were conducted by Rev. W. M. McKay, assisted by Dr. John McColl. The interment took place in Acton cert on Tuesday, Dec. 28rd.-Car.

SANTA CLAUS USES THE RADIO

Until this year little boys and girls could only write to Santa Claus; post their letters and trust to the postman to deliver them. But this year the Radio Department of the Canadian National Railways made an arrangement with Santa Claus and letters from boys and girls, all over Canada, are being broadcast from the C. N. R. Radio Stations to Santa in his workshop in the Far North. Santa acknowledges, each evening by radio, that he is hearing what his little friends have to tell him.

Although he is a very busy man. Santa Claus visited every broadcasting station of the Canadian National Railways, in Moncton, Montreal, Ottawa, Toronto, Winnipeg, Saskatoon, Rogina, Calgary and Edmonton, telling his little friends to write him, care of the C. N. R. Radio, and thousands of letters from boys and girls have been received and broadcast to Santa.

The picture you see here was taken in one of those stations as Santa was speaking to his boys and girls through the microphone, which is the instrument used to send the sound of the voice dancing out over the world on the radio waves.

Down below you see one of the big engines that the Canadian National Railways are going to lend Santa Claus to carry his bags of toys, if there powerful freight engines in the whole of the British Empire. They can easily pull a train of 150 loaded freight cars; so you see. Santa Claus will have no trouble bringing all his toys, no matter if there isn't any snow on
