When a Woman Buys For a Man

MRS. Santa Claus, and Miss Santa Claus, too—Be careful when you buy gifts for a man. The things women give men at Christmas-time have been the subject of a lot of joking. It's because so many women buy things so man would buy for himself—and doesn't want. When a woman buys for a man she needs the advice of a man. And a man's store like this is the best place to get it.
About the first thing we would recommend is Holograph Hosiery. Men buy it for themselves, which proves they like. And in the holiday packages we provide for it, it makes an ideal Christmas gift. Plain and fancy styles in silk, silk and wool, linen and cashmere. All colors. From 50c to \$1.25 per pair.
