Benefit Hockey Match

Early this season Floyd Vary, one of the players on our Intermediate hockey team, received an injury which has since proved serious. He is now lying in the hospital at Toronto where he will have to remain for some time. In order to assist one of their number the hockey boys are holding a benefit game at the Arena on Friday night 13th, between the Intermediate and Junior teams in town. The boys should be liberally patronized in their efforts to help an unfortunate fellow player. Remember the date, Friday night.

Olds Tyme Concert

The school room of the Methodist Church was packed to the doors and standing room was at a premium last evening when the ladies put on their old tyme concert. The program which consisted of old choruses, melodies, songs and readings was well rendered, as was also the closing scene in the paragon. While there was much merriment, considerable pathos was evident when the memories of by-gone days were vividly portrayed by the actors and in song. The evening was one much enjoyed by the large gathering present. Rev. Mr. Caldwell was the chairman. Rev. Dr. Dickie spoke a few words during the evening. The concert will be repeated this Friday evening by those who missed it will have the opportunity of spending an enjoyable evening.

Facts About Optometry

By Dr. C. C. Floyd, Optometrist Georgetown. Phone 276

NO. 11 OF THE SERIES

City and country children need the Optometrist. City and country grown ups need him. All men and women who reach middle life should assist their eyes with glasses when they read, sew, or do other close work.

Then there is a large amount of people whose eyes are almost or quite normal, whose work throws undue strain on their eyes, who should get the help of glasses during working hours.

The above is further evidence of the value of Optometry, and the public need of the profession. To be continued next Wed.

Here and There

Mineral production in Canada for 1924 is estimated at \$203,194,000, as compared with \$214,079,333 in the preceding year, according to a preliminary statement issued by the Department of Mines. Metallic minerals accounted for \$96,034,000 of the total, followed by fuels and other non-metals with \$73,830,000, and structural materials and clay products with \$33,330,000.

The Port of Montreal created a new world record in 1924 for the amount of grain handled by any one port in any one year, namely, 165,139,296 bushels, while from January 1 to November 30 she handled 94,366,508 bushels more than her nearest competitor and 17,337,709 bushels more than the seven next busiest ports combined.

Described as the finest coastal vessel in the world, the "Princess Kathleen," recently launched by Lady Mount Stephen, widow of the late Lord Mount Stephen, a former president of the Canadian Pacific Railway, left Glasgow on January 15 on her ten thousand mile journey through the Panama canal to join the Canadian Pacific's fleet of coastal steamships plying the seaboard of British Columbia.

A historic pageant of some proportions is being planned by the Calgary exhibition board for this year, its object being to commemorate the fiftieth anniversary of the founding of the city by the old North-West Mounted Police in 1875. In the period which has since elapsed Calgary has grown to be an extremely busy, modern city, having a population of 76,000. A stampede similar to those held in Calgary in previous years is also planned for this summer.
