Fined \$400 and Costs

For having liquor in an illegal place a Normal young man was last Saturday fined \$400 and cost or three months in jail by Magistrate H. P. Moore at a police court held in Georgetown. It is a most reprehensible thing, and has stirred up the community because of its character. This man brought liquor to a private home and gave it to three girls, 16, 17 and 18 years of age, declared Magistrate Moore. The fine was paid.

Coming—"Monsieur Beaucaire"

with Ralph Valentin; "Nearly Captured Thieves". The quake on Saturday evening disturbed the few of one of our citizens so badly that the commotion and noise they made caused their owner to conclude that thieves were in his hen pen. He secured the door on the outside so the intruders could not make their exit and immediately summoned the neighbors. When the neighbors arrived armed with shot-guns and automatic pistols, forks, shovels and a crow bar, they surrounded the building, the police were sent for and came on the scene in due time. After a council of war was held it was finally decided to rush the place. They then drew out to determine who should take the lead in this hazardous undertaking and the lot fell to the Chief. With his trusty automatic in readiness he bravely approached, threw open the door and low and behold the supposed thieves had vanished; the overcrowded throng and it was all over.

Glenwilliams

The dance given by the Troop Blues in the town hall last Friday night was largely attended and was a huge success. Facts About Optometry

By Dr. C. C. Floyd, Optometrist Georgetown. Phone 276

NO. 13 OF THE SERIES

Far sight is probably the most common of all errors of vision. Nature is able to overcome this defect in many cases, especially in young people, which explains why a young person may suffer from far sight without its being suspected.

But when the muscles of the eye overcome far sight greater strain than normal is imposed on the eyes, and very serious conditions may result. Being so prevalent and liable to be overlooked far-sight is a common cause of headaches and other troubles.

(to be continued next Wed.)
