HAVE a Gas Stove and a Gas Plant

—All in One!

NOW you can have the stove you've so often wished for—a stove that gives you all the conveniences and comforts of a city gas range. It's the Coleman Cooker—a gas range and gas plant all in one! We have them.

Coleman Cookers

Make their own Gas

The Coleman gives you full cooking heat in 60 seconds! The flame is intensely hot—a clean, blue flame without smoke or soot. Boils 2 quarts of water or bakes light, flaky, golden-brown biscuits in 4 to 6 minutes. Keeps your kitchen clean and cool. Only 2 cents worth of fuel cooks the average meal on the Coleman. Our customers say they never saw such a wonderful stove—so safe, handy and clean. Fuel is common motor gasoline, under pressure. Coleman Cookers are made in various sizes and models to fit every need and every purse. Step in and see them!

Come in for a Coleman Demonstration
