## 7,300 Days Is the Average Life of a MELOTTE Cream Separator

They last for twenty years or more and skim as closely then as when new. Why? Because the suspended bowl remains vibrationless. You cannot afford to waste cream by leaving it in the skim milk when the Melotte costs but one and a quarter cents per day to own.

Your daily loss may be ten times this amount. Better stop it right now before the heavy milking season starts, when your loss will be greater. Get a genuine Melotte without delay.

## Get the Best Roofing The Next Best May Get You!

GET the best! The cost in the beginning is nothing compared to the cost of an untimely ending. You never can tell what may happen—your neighbor's house on fire... sparks... inflammable shingles... your house on fire! Yes, risking a chance on a shingle not absolutely fireproof is certainly taking chances. Insist on—

## FLEXSTONE

The Slate-Surfaced Asbestos Shingle

It's a Johns-Manville Asbestos Shingle. Its base is asbestos rock fibre, the finest material known for resisting fire and the elements. It has an artistic surfacing of crushed red, green or blue-black slate.

Here you have a roofing that will last indefinitely—examined, approved and labeled Class "B" by the Underwriters' Laboratories, Inc., takes base rate of insurance.

For particulars, estimates, etc., call, write or telephone.

JEWELLER  
Next to Hotel McGibbon GEORGETOWN

### FRIENDSHIP

You do not need a score of men to laugh and sing with you. You can be rich in comradeship with just a friend or two.

You do not need a monarch's smile to light your way along. Through weal or woe, a friend or two will fill your days with song.

So let the many go their way, and let the throng pass by. The crowd is but a tickle, thing which hears not when you sigh.

The multitude is quick to run, in search of favorites now. And all that man can hold for grief is just a friend or two.

When winds of failure start to blow you'll find the throng has gone.

The splendor of a brighter flame will always lure them on. But with the abate of your dreams and all you hope to do, You'll find that all you really need is just a friend or two.

You cannot tell the multitude however hard you try. It cannot sit upon your hearth; it cannot hear you sigh.

It cannot read the heart of you, or know the hurts you bear. Its cheers are all for happy men, and not for those in care.

So let the throng go on its way, and let the crowd depart. But one or two will keep the faith where you are sick at heart.

And rich you'll be and comforted, when grey skies hide the blue; If you can turn and share your grief with just a friend or two.

### Regulations re 4.4 Beer

Hon. W. F. Nickle, Provincial Attorney-General, has issued a statement re the regulations surrounding the sale of 4.4 beer, the new beverage that is to cheer but not inebriate. Part of the Hon. Mr. Nickle's statement is as follows:

"Section 100 of the Ontario Temperance Act as amended during the last Session provides that subject to the rules and regulations, no permit holder shall keep any liquors for sale in any bar-room, or sell or supply any liquors from or over any bar or counter of any description. This is a definite requirement and must not be evaded."

It will not be compulsory to tear out existing bar plumbing and fixtures if the bar or counter be built up from its outside edge to a height of six feet six inches from the floor or to within one foot from the ceiling. The object is to convert the former bar into a fixture separated from the beverage room in which fixture the beer may be drawn and carried out to the customers in the beverage room. The partition must not be of grill or lattice work or wire netting of any kind and may be either of wood or of opaque glass. In all cases, however, the partition must be solid with no openings except doors or passages at the end or ends which would serve as means of exit and entrance for the waiters.

The interior of the beverage room or rooms where the beer is to be consumed must be in plain view of the public passing by on a public street or thoroughfare through at least one window glazed with clear glass and at least one door similarly glazed.

There must be no movable screens or partitions or any other method of obstructing the public view. The interior of the beverage room must at all times be in view of passers-by outside through a door and window.

This requirement will prevent the erection of booths or partitions of any kind in or between which tables and seats or chairs are placed as is commonly the case in many restaurants. No such arrangements will be permitted on the premises of any permit holder.

Restaurants and cafeterias will be subject to these requirements as well as hotels and in no case will be permitted to be sold punch counters at railway stations for which special provision will be made."

Bad Accident at Caledon  
Caledon Mountain, where a life was lost two years ago, was the scene of a near fatality on Thursday night last, when Mr. A. Garvie of 384 Millwood Road, Toronto, was driving home from a funeral at Warton. Mr. Garvie's car seemed to trip, turned over twice, spilling the occupants. Dr. Scott, of Alton was summoned and attended the injured people. Miss Jones, who is said to have had three ribs broken and sustained injuries to her spine, was taken to Lord Dufferin Hospital, while Mr. Garvie continued on his way to the city, but went into the General Hospital which he reached about 2 p.m. on Friday. Mrs. May Steel, of Pickering Street, who was in the car with Mr. and Mrs. Garvie was also slightly injured. Their car was wrecked and was taken away by a Toronto firm.

William Ballantine, 92 years old, died at the home of a nephew Windsor on May 21. Mr. Ballantine, who lived at Milton, Ont., until 11 years ago, was never married. He is survived by two nephews. Burial was made on Monday afternoon at Windsor.

## Esquimaux Township S. S. Convention

Interesting and Instructive Addresses at Enthusiastic Gatherings

Representatives from all over the township attended the Esquimaux Township Sunday School Association Convention in the Methodist Church, Georgetown, on Thursday last. It was an enthusiastic gathering and good results will follow therefrom.

The President, Mr. J. R. Kennedy of Acton, occupied the chair while Miss Edna McDonald of Georgetown, the energetic secretary, performed the duties of that office.

The afternoon session opened with devotional exercises by Rev. Dr. Disher, followed by the reading of minutes, appointment of committees and reading of school reports.

"Our Problems" was the subject discussed by representatives from Acton, Norval, Hornby and Georgetown schools.

Rev. H. Hull of Toronto gave an address and also led a Round Table conference, after which roll call, a hymn and the benediction brought the session to a close.

The evening meeting was well attended and a marked spirit of interest was manifested throughout the entire meeting.

After devotional exercises the President, Mr. J. Kennedy of Acton, gave a short address, the keynote of which was, "Children are the Greatest Asset of the Church." Children should be encouraged to attend church more regularly. The greatest possible effort should be made to surround the child with an environment that would lead to Christian development, in the home, in the Sunday School and in the church.

The committee on Resolutions emphasized the following:—The importance of having a Home Department in each and every Sunday School in order to keep everybody in touch with the school. Adult organized classes should be a part of every successful school. Systematic teaching on the Temperance Question should be more common. Teacher Training Classes are essential to the greatest success. The importance of holding a Convention each year was also made clear to all.

Rev. Hiram Hull of Toronto delivered the address of the evening. His subject was "The Child in the Church." All in the church was the objective set by Christ. At the present day in many quarters the Sunday School is almost regarded as a competitive organization and not as it should be, a room, living, vital part of the church. The chief activities of the church are worship and praise but we must not forget that worship means service. Children are taught the great principles of Christianity in the class on Sunday but a great many now have their week day meetings to put those principles into practical use. Every teacher should be a friend of the church, a member of the church, a communicant of the church and the supreme aim of the teacher should be to lead such member of his or her class to a definite decision for Christ.

Large numbers are not essential in the Sunday School in order that successful work may be accomplished.

The success of a school can be more accurately measured by the percentage of its members actually at work. Success will come as we keep in mind the one object for which it was organized. Christ organized the church to do His work and without the church he cannot do anything. The church is an always dying yet ever living institution and must be constantly built up out of the youth of our land.

Selections given during the evening by the Methodist church choir were greatly appreciated by all present.

### Milton

Mr. and Mrs. Sidney G. Wharrie of Buenos Aires announce the engagement of their only daughter, Kathleen Mary, to Mr. Gordon Mackenzie of Milton, Ont., the marriage to take place the end of June.

Mrs. S. Henson, who has the contract for building the new additions to the high school, has begun operations, and will push matters as rapidly as possible, so that the two additional rooms will be ready for the pupils after the summer holidays, for the fall and winter term.

The managers of the two Chinese restaurants in town appeared before R. J. Campbell, J.P., on Tuesday charged with keeping open after hours contrary to town by-law. Both pleaded guilty and were each fined \$10 and costs, which they paid.—Ed. Forner.

### IF NOBODY SMILED

If nobody smiled and nobody cheered and nobody helped us along, If each, every minute, looked after himself and the good thing all went to the strong, If nobody cared just a little for you, and nobody thought about me, And we all stood alone to the battle of life, what a dreary old world it would be.

### Notes and Comments

A GREAT ENGLISH DIVINE recently preached a sermon on "seven social sins." He named his seven points and carefully expounded each one in a very fine series of arguments. The New Orleans Times Picayune finds them sufficiently important and interesting to stand alone and lists them, without the preacher's explanations, as follows:—Politics without work; pleasure without conscience; knowledge without character; industry without morality; science without humanity; worship without sacrifice. They are recognizable evils. Expressed simply, they are easy for the thoughtful individual to understand, to meditate upon and to apply as a test to his own and his community's activities.

WHAT IS OUR COUNCIL going to do about the dust nuisance? The motor traffic is heavy and the dust at times on our streets is almost unbearable, to say nothing about its being unhealthy. Those who are fortunate enough to live in that part of the town where the streets are paved are relieved to a considerable extent from this dust nuisance, but we in other portions of the town apparently must continue to suffer. Georgetown's greatest drawback to-day in the summer season is a civic system of some kind for allaying the dust on our streets. For the good of our town, the health and comfort of our citizens and visitors, will the Council please inaugurate some scheme to abate the dust nuisance? We care not what you use, water, oil or even 4.4, so long as we get rid of the dust.

ON A ROAD at the foot of the Rockies is a sign that reads "Danger Sharp Curve—You might meet a Fool." Such a sign is calculated to make a driver sit up and take notice. The latter sees at almost every sharp curve a notice proceed with caution, or to blow his horn, and comes to be little impressed by them. He has confidence in his ability to avoid running into another car. But if there is a fool in the other car, the efforts of the most skillful driver to escape may be futile. There would be far fewer automobile mishaps if every driver would bear constantly in mind the possibility that there may be a fool ahead, not only on the sharp curves but on the stretches of straight road. It is surprising to assume that each car on the highway is in charge of an experienced driver who knows traffic rules and will obey them. You may think that inasmuch as you are keeping on your side of the road there is no danger of running your car at a high rate of speed. But you might meet a fool who will not stick to his side of the road.

WE WERE PLEASED to see our band out on two occasions recently and hope to see more of this splendid organization before the summer is over. Speaking about bands and town bands in particular, we sometimes hear people carelessly say, "What good is a band in town anyway?" Well, first take inventory of the fellow who makes the remark. You may have reason to allow the silly question to go unanswered. But regarding the remark more seriously, let us say that a good band is one of the most useful things a town can have. Emerson says something about the world making a beaten path. Well, a good band will make all the roads leading to the town beat on paths, even though the town's other attractions be not numerous. Every merchant is benefited by a good band. The promoters of business and musical enterprises always have the satisfaction of knowing that their civic demonstrations from time to time will be successful, because they have a first-class band to lead the parade and attract the crowd. A band composed of able players is a tower of strength to any town or section of country. It cultivates the public ear to a high class of music, and lies it right at your door. Leo. Every enterprising citizen will boost the band wherever it goes.

### Ballinalad

Mrs. MacLintosh, of Toronto, spent the 24th with her father, the Rev. Mr. Waddell and other friends here.

Miss Bessie Binnie, of Toronto, spent the holiday with her parents here.

Messrs. Lonstreet Bros., of the Eighth Line, are repairing their house.

Mr. and Mrs. K. McDougall of Erin celebrated the 25th anniversary of their marriage on Monday, May 25. There were 26 guests present who were from Toronto, Hilda, Guelph and Everton. A very happy day was spent.

### Flower Men

The annual meeting of the Halton Flowermen's Association was held at Milton last Thursday. The officers were elected as follows:—President, H. Wells; 1st. Vice, President, E. H. Harrop; 2nd. Vice, President, G. Chisholm; Secretary, Treasurer, J. H. Willmet; Assistant Secretary, Treasurer, J. F. Robinson. In this year's plowing match high cut work will be limited to two classes and plain plowing will receive more attention than formerly.
